REPUBLICAN CANDIDATES.

The Men Who Will Be Elected on Tuesday, November Fourth.

A Portrait and Biographical Sketch of our Candidates. Good, Honorable, Upright Men, who will be Faithful in the Discharge of their Duties.

HENRY H. HEWITT.

Candidate For Recorder.

Henry H. Hewitt was born in Huntingdon county, Pennsylvania, January 15, 1846. He moved to Blair county in 1952 and attended the public schools of Holidaysburg up to the age of 16 when he enlisted as a member of Co G, 125th Regiment Pennsylvania Volunteers, August 8, 1862 serving for a period of nine months and being discharged May 18, 1863. He then enlisted in the state service for a period of two months, during the invasion of the Confederate army in Pennsylvania in 1863. He was discharged from the State service in August, 1863 and entered the U. S. service on September 23, 1863 as a member of Co. C., 65th Pennsylvania Volunteers and remained in service to the close of the war, when he was discharged at Raleigh, N. C., on the 18th day of July 1866.

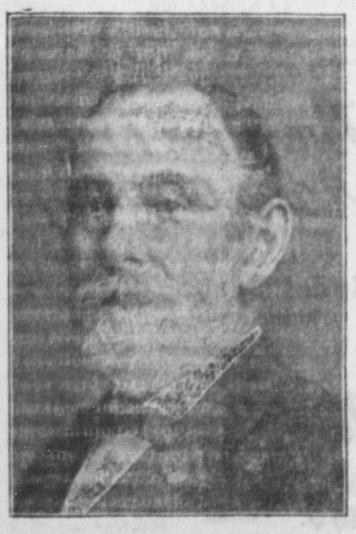
After the war he learned the plaining mill business and worked at it until August 25th, 1888, when he was chosen janitor of the Public schools of Philipsburg, resigning the same Jan. 1st, 1896, to accept a position in the Adjutant General's office, tendered him by Gov. D. H. Hastings. Here he remained until July 30 '99, when he returned home and went into the planing mill of the Murray Lumber company and by whom he is still employed.

He has been a resident of Centre County for over thirty-five years, during which time he has been a constant, active supporter of the Republican party.

He is in everyway qualified for the office to which he aspires and his election will secure for the county a capable and efficient official.

ABRAM V. MILLER.

Candidate For County Commissioner.



Abram V. Miller was born in Spring twp. April 24,1838, where he resided until 1858, when he moved to Pleasant Gap, where he has resided most of the time since except a few years spent as a resident of State College. All his life, except the years he gave to the service of his country, were spent on the farm driving team for the Valentine & Thomas Iron Co. On the 15th of April 1861, the day after the news was received of the firing on Fort Sumpter, he enlisted in the three months service as a member of Co. H, 2nd Pa. Volunteers. Served to his enlistment and was discharged at Harrisburg on the 26th of July of the same year. He assisted in the recruiting service until the fall of 1861, when he re-enlisted as a private in Co E. 1st Penn'a Reserved Cavalry, served until the 28th day of December, 1863. Upon his return home he passed through a sick spell. His next enlistment was at Harrisburg in Co E, 184th P. V. Infantry as a private. He served until May 12, 1864, when for gallant service he was promoted to First Lieutenant, and as an inducement for him to serve, the company presented him with a sword and sash, which are still in his possession. On the 22nd day of June, 1865, when in front of Petersburg, he was wounded in the left shoulder the ball coming out near the neck. He continued in command until in the afternoon, nothwithstanding he was bleeding at five different places from slight wounds received during the day. About 2 o'clock a piece of shell struck him in the face, completely cutting off his lower jaw and partely severing his tongue. He lay on the field until the afternoon of the following day, June 23, and was found by Dr. Potter of Bellefonte, who covered him over with a piece of tent and left him to die. The day following he was picked up and removed to City Point hospital, where he remained a few days, after which he took the hospital boat "Connecticut," landing in Washington, where he remained a week, when he was sent home to die. Being a man of extraordinary physique he pulled through and is here a living evidence of the sufferings of the heroes of the dark days of the Nation. He is a member of the Quaker church, strictly temperate in his habits. In 1895 he was a candidate for Prothonotary but was defeated by only 69 majority. Six years ago he was a candidate for sheriff and the contest was so close that it took the courts to decide it. He was appointed county commissioner about three years ago to succeed the late Matthew F. Riddle and has made a most efficient public official.

JOHN G. BAILEY.

Candidate For County Commissioner.

John G. Bailey Republican candidate for County Commissioner has the advantage of a name which has been held in high esteem in the western part of Centre County from pioneer times.

His grandfather John Bailey, a successful merchant, was the founder of Baileyville and in connection with merchandise did a large milling business.

He was of the Presbyterian faith, having in early days come from Scotland to make his home in Centre County.

The subject of this sketch is Fourth son of the late John Bailey who in his lifetime was a representative Agriculturalist of Furguson township. His farm being located in the glades where he maintained his place among the progressive and intelligent citizens around him.

Here it was that John G. Bailey first saw the light of day 56 years ago. He remained under the parental roof and assisted his father in the developement of the home farm during the summer months, while in winter he attended public school completing his education at Pine Grove and Glade Run Academies.

In '63 he enlisted in the 46th Regt. to protect the State from the invasion of the Rebel army. He is one of Ferguson Township's practical farmers and his comfortable residence forms the hospitable home of a most pleasant and generous family, consisting of his wife and three children: Dr. F. W. Bailey, of Milton, Pa., and John H. and Mary at home.

He is a member of Graysville Presbyterian Church for many years.

He has been director and solicitor in Farmers' Mutual Insurance Co. of Centre County for the last 20 years who recognize his intelligence and genuine worth.

With this article we present the picture of our candidates for County Commissioner John G. Bailey a jolly good fellow. Those who know him admire him for his straight forward manly qualities, and we predict he will see the inner walls of the Centre County Commissioners' office January 1st, 1903, by a handsome majority.

EARLE C. TUTEN.

Candidate For Register.

Earle C. Tuten, the Republican nominee for the office of Register of Centre County, is the son of Edward T. Tuten, Esq., and was born at Bellefonte, December 4th, 1870. He received an excellent education at the Bellefonte Academy and as a student applied himself with such diligence that on leaving that institution he was qualified to enter almost any profession.

His first venture, after leaving school, was to manage a grocery store, which he did successfully, afterwards he entered the office of the "Bellefonte Republican" and "Daily News," which was owned and controlled by his father, and at the present time occupies the position of assistant editor. He also is a regular correspondent of several Philadelphia Journals.

Mr. Tuten is a young man of perfectly correct habits and is a member of the Presbyterian Church. He is active and industrious in business and socially pleasant and agreeable, being very popular with those with whom he is acquainted.

He is identified with our local fire organization, being a member of the Logan Fire Company, and is a member of Bellefonte Castle, Knights of the Golden Eagle, and at one time served three years in Company B Fifth Regiment N. G. P.

Always being a Republican, he has voted and worked for our ticket at every election, and for years has been Chairman of the West ward organization.

In presenting Mr. Tuten to the favorable consideration of our voters, we feel confident his many good qualities will commend themselves to those who are interested in having competent, polite and obliging public officials.

J. N. SCHOONOVER.

Candidate for Legislature.

Our candidate for the Legislature from the other side of the mountain was born in Tioga county, Pa., March 20, 1851, his parents removing to Tioga county, N. Y., when he was a child, where the early part of his life was spent on a farm and attending the country schools. At the early age of fourteen he came to Clearfield county and commenced work in the lumber woods for his brothers who had preceded him. He followed lumbering in its various branches for many years, rafting and logging on the river, sawing and shipping lumber by rail, tram road, &c.

His earnings were not, as is so often the case with those who follow the river, squandered foolishly, but were carefully saved, until he had sufficient capitol to start in business for himself, which he did early in eighty, starting the first exclusive shoe store opened in Philipsburg, which business he conducted very successfully until about a year ago, when his other interests required so much of his time that he could not give the shoe business proper attention and he sold it to Messrs. Yeager & Davis of Bellefonte.

By careful and judicious management, together with persistent industry and strict economy, he has solely by his own efforts, accumulated considerable property in Philipsburg, owning several prominent business blocks and his residence, also property in Chester Hill, Clearfield county, together with various other interests.

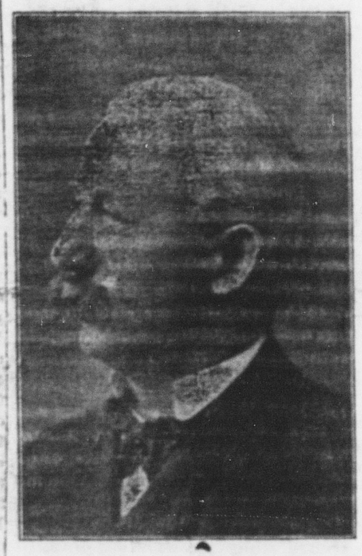
His name is always found at the head of the list in aid of every enterprise or worthy demand for assistance in building up or furthering the interests of the town.

He has served as overseer of the poor, councilman, borough treasurer, and for the past six years as tax collector, seldom having opposition for election to these positions. He is vice president of the Moshannon National Bank, a trustee and treasurer of the Cottage State Hospital, treasurer and general manager of the Citizen's Water Co., and also connected with many other enterprises.

We want to say to the voters of Centre county if they want to be represented by an honest, industrious, sober and competent man, they will make no mistake in supporting Mr. Schoonover.

JAMES B. STROHM.

Candidate for Assembly.



James B. Strohm, our candidate for the Legislature, was born on a farm in Potter township, Centre county, September 8, 1854. Like all farmers' sons he was brought up to a life of toil, working on the farm during the summer season and in the winter attending the district school. School facilities in those days were somewhat meagre yet so well did he improve his time and opportunities that at the age of 17 we find him among the teachers of Centre county and to his credit be it said that there are men in prominent positions today who can testify to his efficiency as a teacher and instructor. Later he was a student at Prof. Wolf's academy at Penn Hall, where he was preparing for college. This ambition, however, was not to be realized and he was compelled to settled down to the life of a farmer. In March, 1899, he was chosen clerk to the board of county commissioners to fill the unexpired term of W. R. Mattern, who died while occupying that position.

At the general election in the fall of 1890, Mr. Strohm was the choice of the citizens of the county for the office of County Commissioner. His uniform courtesy and splendid record in office secured for him a re-election in 1893. As Commissioners' clerk and later as Commissioner, all questions pertaining to his duties were studiously observed and mastered, and the public found it a pleasure to transact business with him. In all his personal and official relations he has always been courteous and considerate of the rights of others. Three years ago he was a candidate for Register on the Republican ticket but was defeated by a small majority.

After his retirement from office he returned to his farm in Potter township, carrying with him the confidence and respect of the people at large.

ARCHIBALD ALLISON.

Candidate For Auditor.

Archibald Allison, of Gregg township, one of the candidates for auditor, is a gentleman of unimpeachable character and a life-long Republican. Mr. Allison attained his majority about the time the Republican party came into existance, and he was a staunch advocate and unflinchingly stood by the principles of that party ever since.

The greater part of his life was passed in

IS A SETTLEMENT NEAR ?

Feeling That the Strike May Soon Be Over Becomes Stronger.

IN THE LACKAWANNA REGION

All Was Quiet on Tuesday—The Strikers and Soldiers Played a Game of Base Ball.

MITCHELL WILLING TO SETTLE

WILKESBARRE, Oct. 1.—An air of mystery still hangs over miners' headquarters. President Mitchell retired early with instructions that he was not to be disturbed by any one. In order that his instructions might be carried out to the letter National Board Member John Fallon stood guard at Mr. Mitchell's door and no one was allowed to approach anywhere near the sleeping apartment of the miners' chief. It is said Mr. Mitchell is booked for an early call. His future movements will depend upon telegraphic information received from New York between midnight and the departure of the early morning train on the Lehigh Valley railroad for the east.

The district presidents are waiting for a call from their chief. The feeling is stronger than ever that a settlement of some kind is pending. Gov. Stone is said to be interested in the negotiations. It is known that he has been in correspondence with Mitchell this week and it is also rumored that he had a messenger here who conferred with the chief officers of the miners.

SCRANTON, Oct. 1.—Perfect quiet reigned throughout the Lackawanna region yesterday. Not as much as a single case of stone-throwing was reported. The Thirteenth regiment had but one call and that proved to be a false alarm. The Sheridan Troop rode out on a tour of the upper valley yesterday to become acquainted with the roads and was viewed with much interest by the natives.

Two large heating stoves used in coal breakers were yesterday furnished Co. D by its former commander, General Manager May, of the Erie mining department. Sixty boys from the Powderly school, in Carbondale township, went on strike yesterday because seven children of non-union miners would not be turned out. They then marched with banners and drums to the Mayfield school and induced the boys there to strike. A majority of the pupils at No. 11 school in this city struck yesterday morning because coal which was being delivered at the school was reported to be "unfair," or mined by non-union men.

The local headquarters of the mine workers made claims yesterday that many men had quit work at the various collieries, but in each instance the company officials denied emphatically that this was true and made the counter claim that their forces were constantly growing. No colliery or washery has been started up in nearly two weeks, but the forty places in this region that were operating prior to that time are all in operation.

The Duryea base ball team, composed mainly of strikers, and a team picked from the Eighth regiment played a game yesterday on a field near the camp in the presence of 3,000 persons. The soldiers were defeated.

Change of Date.

The date of the dedication of the new Methodist Episcopal church at Hannah has been changed from October 12 to October 19. Rev. Edward J. Gray, D. D., president of Williamsport Dickinson seminary, and Rev. D. S. Monroe, D. D., pastor at Shamokin, are expected to be present. Services will be held at 10 o'clock a. m. and 7 o'clock p. m. There will be a platform meeting in the afternoon at 2:20. Everybody is invited.

Because of ill health the pastor, Rev. E. S. Latshaw, who has so successfully managed this new enterprise at Hannah, will retire from the work on the Port Matilda charge and seek a milder climate in the western part of North Carolina.

—Paul Cleveland, a colored individual who had a royal good time at Lock Haven one evening last week and who used a razor in trying to take the lives of his colored friends, was tried and sentenced to one year in solitary confinement. This colored fellow was at one time in the employ of the Bush family at this place.

SHORT AND PITHY.

Vote for Pennypacker and prosperity.

No two better men can be found for Commissioners than Miller and Bailey.

Do you want a Democratic U. S. Senator elected next winter? If not, vote for Schoonover and Strohm.

Speaker Henderson may not be blessed with an over much supply of valor, but he is a wonderfully discrete man.

Yes it is true that Abe Miller candidate for Commissioner was shot through the mouth defending our flag during the civil war.

Although speaker Henderson has decided to retire from politics the country will servive. The Republican party has lots of good men to take his place.

As yet we have failed to hear whether Hon. Robert "Everytime" Pattison has renounced his "free silver" heresy; silence is golden in this instance.

There is a considerable amount of "spondulix" being distributed from Chairman Bower's Democratic Headquarters. How is this Jonnie? Are you skeered?

The Democrats are not advertising the fact that O'Brien, who testified to acts of cruelty and misconduct on the part of the army, was arrested on the charge of perjury, and is now awaiting trial.

The Democratic spellbinders in their tour throughout the state are giving great entertainments of "chin music," but do not convince nor convert Republicans to the idea of electing a Democratic Governor in Pennsylvania.

The Democrats held a county convention in the Court House yesterday to nominate a condidate for Coroner. They might as well have saved themselves the trouble and expense. Dr. Huff of Milesburg will be the next Coroner.

The most disconsolate looking candidate we have seen this Fall was Brother Carlin of Rebersburg, the democratic candidate for Treasurer. One day satisfied him in Bellefonte, and he went home fully convinced that he was not in it.

What is wrong with Strohm any way? The Centre Democrat devotes a great deal of space, in order to prejudice the minds of voters against him, and the only reason it gives is that he wants an office. How very like Mr. Pattison in this respect, who has been in public life as an office holder the greater part of the time since he cast his first vote.

The Watchman makes much ado over Alex. Archey's politeness and courtesy, but does it occur to our esteemed contemporary that there are others just as polite and capable of discharging the duties of the office as Mr. Alex. Earle Tuten, for instance, is one of the most agreeable and obliging young men in the county, and will make one of the most efficient and paintaking officials in the Court House.

Some one in Bellefonte is sending to the different newspapers throughout the Senatorial district an article from the "Star Independent" accompanying it with a five or ten dollar bill, according to the influence of the newspaper, requesting its publication. The substance of the article is that A. E. Patton should be defeated for Senator because his opponent, was so honest as not to take a bribe, when so many other Democrats were doing so.

Charley Kurtz is of the opinion that as a reward for honesty in the last Legislature Senator Heinle should be returned to the Senate. No one questions Senator Heinle's honesty and integrity. As a representative he discharged his duty faithfully, which was doing nothing more than was expected of him. It may be all right to give a child a stick of candy to be good, but it does not follow that a man of honor should be rewarded or paid for being honest.

Brother Meek of the Watchman in last week's paper questioned our veracity in the assertion we made that the car conveying Gov. Pattison and party remained in Bellefonte half an hour, and accused us of "deliberate lying" and proceeded to say that the car was here but five minutes. Now who was correct? the railroad records show that it arrived in Bellefonte at 4:57 p. m. and left at 5:20 making a stop at this place of 23 minutes. Something more than five is'ent it? We do not accuse Brother Meek of willful lying but of simply being mistaken.

JIM

By CECILY ALLEN

Copyright, 1901, by
A. S. Richardson

The landlady was fair after a negative fashion, fat in a positive way and forty, decidedly so. She presided over the culinary department of 174 Otis street in a manner so capable that her boarders regarded her in the light of a genius and spoke with scorn of bachelor apartments and furnished flats. Her name is irrelevant and immaterial.

Her daughter was fair positively, fat negatively and at least twenty years on the right side of forty. She presided with admirable tact over the long table in the dining room, dispensing the culinary triumphs of her mother. Her name was Kathleen.

Dangler, who held a post in the M. R. and A. freight offices and went in for athletics, was in love with Kathleen and invested in a tandem on the installment plan. Seward, floorwalker in the silk department of "The Fair," had a similar cardiac affliction and showered the object of his affection with the latest editions from the book department, purchased at the customary discount allowed clerks at "The Fair."

The situation was rapidly becoming tense, and betting on the outcome among the remainder and less interested quota of boarders was about even when Jim appeared on the scene.

He arrived in the dining room one night, dozing in Dangler's arms.

"Miss Kathleen," remarked the athletic young man in his most confident tone, "I know you won't turn this poor doggie out to graze on concrete and asphalt. I came up with him wandering disconsolately in the freightyards. I'll wager he's somebody's pet. He's so slick and well fed. His owner will probably turn up in the 'Lost and Found' column tomorrow."

Miss Kathleen promptly relieved Dangler of his burden and petted the impassive animal as only a woman can. This plainly annoyed Seward, and as Dangler rushed off to prepare for dinner his rival glared unreasonably at his unoffending soup plate.

But it was the little woman who taught a sewing class at the settlement, read Thomas a Kempis and abhorred Sunday newspapers who discovered the ad. in the Evening Herald:

LOST.—A pug dog, answering to the name of Jim; fat and slightly asthmatic; finder treat him kindly, as he is an old family pet; liberal reward. Marsden, 1701 Green street. Telephone 786-A.

As she finished reading seventeen voices simultaneously exclaimed "Jim!" and the pug, now comfortably ensconced on the ruffle of Kathleen's gown, uncurled himself, licked his chops suggestively and wheezed asthmatically.

Dangler shot a triumphant look at Seward and remarked:

"I tell you what, Miss Kathleen—I'll telephone old Marsden right after dinner, and when he comes after the pup you claim the reward. Marsden's rich, and it ought to be worth a couple pounds of candy anyhow."

Half an hour later Dangler returned from the telephone booth in triumph. Most of the boarders were either in the parlor or chatting in the dim entry.

"Say, folks, maybe you think the old gentleman wasn't tickled! Said he couldn't come down tonight and wouldn't trust one of the servants, so would we keep Jim till tomorrow morning. He'll surely be here by 10. And, by the way, Miss Kathleen, he says the pup's getting old, and if he doesn't have a pillow to sleep on he'll—he'll snore. And he can't eat meat unless it's cut very fine."

Kathleen, with visions of candy dancing before her pretty eyes, carried Jim off to the kitchen and personally prepared a delectable supper for the weary canine, after which the antidote for snoring was speedily produced.

That was Saturday night. It was remarkable how prompt the boarders all were for Sunday morning breakfast. Seward, who seldom appeared until noon, was first at the table, calm, cool and pale, in a satin quilted smoking jacket. Miss Ainsley, the lady reporter, who worked until a heathenish hour each Saturday night, was next. In fact, every one seemed on tiptoe with curiosity, though Jim and the reward were never mentioned during the breakfast hour.

It was singular, too, how the boarders, who usually spent Sunday morning in their rooms, lingered in the parlor. Seward, holding the morning paper at a most peculiar angle, held the point of vantage in the bay window. The little woman who went in for settlement work clasped her prayer book nervously and wondered if "he" would come before time for her to start for church. Dangler got no further in his preparations for his usual morning spin awheel than to don his snowy white sweater with glowing crimson bands. Conversation languished.

Suddenly Seward dropped the paper and exclaimed:

"Here he comes!"

The moment was tense with excitement. The bell pealed shrilly, and Kathleen cried nervously:

"Oh, dear! Who's going to talk to him? I can't!"

Dangler looked uncomfortable. Then he caught the eye of the lady reporter. He smiled in relief.

"You'll do it, won't you, Miss Ainsley? You reporters have all kinds of nerve. You'll know just how to tackle the old gentleman."

Before the lady reporter could protest Marsden entered. He laid his carefully polished hat on the table, crossed his cane on his gloves and gazed inquiringly about the room. He recognized Miss Ainsley and his dog simultaneously.

"Oh, Miss Ainsley, this is an unexpected pleasure! And there's Jim! You old rogue, what do you mean by running off like this, sir? A young man! Very kind of him, I'm sure. Perhaps you'll be kind enough to give him this, and this to the landlady who fed him. I trust he had the pillow. Thanks! Good morning!"

Owner and dog retired in good order, but Miss Ainsley never moved. Her face wore a pained expression. Finally she opened her hand very slowly, and, resting on the palm, the assembled company saw a dull half dollar and a shining new quarter. The silence which followed was eloquent of various sentiments. Seward was the first to recover. A sardonic smile crept across his pale, slender countenance.

"Treat him kindly. A family pet. Give him a pillow."

Then he burst into heartless laughter.

The athletic figure of Dangler shook with ill suppressed fury. He said something between his teeth which reads like this:

"!—! !—! Sizz!"

She of the settlement work actually smiled on him as though he had voiced her sentiments.

"Who gets this reward?" inquired Miss Ainsley in a cuttingly clear voice. Kathleen glanced from the flushed face of Dangler to the severe countenance of her mother. The landlady looked as though she had just burned a batch of lemon pies. The situation was saved by the sudden appearance of Buttons with Dangler's belated laundry package.

"Here, Buttons," said Miss Ainsley with a cordial smile, "you can have the wildest sort of time on this." She slipped the coins in Buttons' unresisting hand. "And no one else seems to care particularly about it."

If the incident had been closed at this instant, it would have been better, but three evenings later the entire household was on the qui vive over a mysterious package which had arrived by special messenger during the afternoon. It was addressed in a large, flowing hand, "To the young man who found Jim." The conclusion was obvious. The owner of Jim had realized his base ingratitude and had repented to the tune of a handsome remembrance.

Dangler was distressingly late, and many of the boarders were toying with their coffee when he arrived. The demand that he open the package was unanimous. Blushingly he consented. The strings were snipped, the paper fell back and before the astonished eyes of the boarders rose a dog's muzzle and a certain wire contrivance indispensable to that federal officeholder known as a dog catcher.

The boarders individually and collectively stood willing to wager that Seward had perpetrated this unfeeling joke. But the sphinxlike countenance above the immaculate cream colored four-in-hand was neither paler nor more flushed than usual.

Sympathy unuttered, but nevertheless strong, was felt for the unfortunate Dangler.

But, after all, perhaps it was misplaced. Women, especially in affairs of the heart, view events from a peculiar and unexpected standpoint. The landlady announced Kathleen's engagement to Dangler two Sundays later at dinner. The champagne which followed the announcement was generally supposed to be the outward and visible sign of the exuberant happiness of Dangler, and no one marred the occasion by unfeeling reminiscences.

A Punctual Bird.

What tempts the little humming bird that we see in our gardens to travel every spring from near the equator to as far north as the arctic circle, leaving behind him, as he does, for a season, many tropical delights? He is the only one of many humming birds that pluckily leaves the land of gayly colored birds to go into voluntary exile in the north, east of the Mississippi. How it stirs the imagination to picture the solitary, tiny migrant, a mere atom of bird life, moving above the range of human sight through the vast dome of the sky! Borne swiftly onward by rapidly vibrating little wings, he covers the thousands of miles between his winter home and his summer one by easy stages and arrives at his chosen destination, weather permitting, at approximately the same date year after year.—Country Life In America.

A Warning From the Child.

A three-year-old little girl was taught to close her evening prayer during the temporary absence of her father with "and please watch over my papa." It sounded very sweet, but the mother's amusement may be imagined when she added, "And you better keep an eye on mamma too."—Exchange.

An Indication.

Bertha—I guess it's going to be a match between Maude and Charley.

Constance—So?

Bertha—Yes. Maude today spoke of his stuttering as a slight hesitancy in the enunciation of words.—Boston Transcript.

The Mantle of Charity.

"Did he marry her for her money?" asked the girl in white.

"Well, let's be charitable and say he did," answered the girl in gray. "There is no use casting aspersions on his taste and judgment."—Chicago Post.

FAMOUS ILLUSIONS.

How the Mysteries Are Destroyed and the Tricks Shorn of Their Charm by a Peep at the Mechanism Behind the Scenes.

A behind the scenes view of the famous illusions with which conjurers have mystified and delighted generation after generation has peculiar fascinations. There are few of us who value our own childish illusions so highly that we will not part with them for the fun of seeing how we have been fooled.

Here are examples of some of the best known tricks:

The box trick is as clever as well known and as old as any. A heavy, brass bound chest is exhibited. An assistant is placed in a large canvas bag, the mouth of which is securely fastened, and the bag is placed in the chest, which is locked and roped.

The box is concealed for a few seconds, and when it is revealed the occupant is sitting upon it, the closed and sealed bag beside him. The cords and seals on the box are intact.

This astonishing feat is accomplished thus: The occupant of the bag has inserted a wooden plug in the mouth while the tying is being done. When the chest is locked, he pulls it out, slips out his hand, pulls off the cords, gets out and replaces the cords over the top of the sack.

By the time the chest is roped he is free. The chest has a secret opening, usually at the end, and while it is hidden he crawls out. A slim man is usually employed to do the trick.

The vanity fair trick is one of the most baffling in the repertory of the black art. A woman stands before a large mirror about ten feet high and placed in a heavy frame. About three feet from the floor is a small shelf placed against the mirror, the bottom of which is about eighteen inches from the floor. The glass having been duly inspected, the young woman mounts the shelf. She then turns to arrange her hair by the mirror. She is asked to face the audience, but again and again turns her back, hence the name of the trick.

Finally, losing patience, the performer thrusts a small screen in front of her, fires a pistol at the spot where she was standing, snatches away the screen, and she has vanished.

The top, bottom and sides of the mirror have been in view all the time and only the center has been hidden for a few seconds.

The secret lies in the fact that the lower part of the mirror is made double, the bottom of the upper part being concealed by a second sheet of silvered glass placed in front of it.

The shelf fits against the line of junction, and enables the mirror to be examined by the audience. As soon as the screen is placed the mirror slides up about a foot into the top of the frame. The bottom of this mirror is cut away in the middle, leaving a hole about eighteen inches square, which was previously concealed from view by the double glass at the base.

Through this hole the lady instantly slips, and escapes by a board which has been pushed forward from behind the scenes while the vanity fair byplay was going on. The glass then slides down again, the screen is removed, and the mirror appears just as solid as it was before.

Another of the most astounding feats of modern magic is that of making a person or object apparently float in the air. A couple of ordinary chairs are placed on the stage—well toward the back, which is draped with black cloth—and upon these is laid a broad, thick plank. A young lady is then introduced and is assisted to place herself in a recumbent position on the plank.

He then draws aside the chairs, and the plank, with the lady on it, remains apparently suspended in the air. To prove that the plank is not supported, the exhibitor takes a large hoop and passes it backward and forward over and around the plank.

Yet there is an attachment. As soon as the lady is placed in position on the board a carriage, placed behind the black curtain and supporting a strong iron bar twice bent upon itself, is pushed forward by an assistant so that the iron bar, which is covered with black cloth, comes out through a slit in the curtain while the exhibitor is pretending to mesmerize the lady. The bar has at its end a very strong clip, and the performer, while making his hypnotic passes, guides this on to the board. The chairs are then removed, and the board remains suspended by the invisible iron bar.

The hoop is passed along from one end until it reaches the bend where the bar passes through the curtain. The performer passes it round the end of the board and himself walks behind, passing the ring along in the opposite direction. Next it is brought back again, and the effect is such that the average spectator is convinced that the hoop has really been passed over the lady and the board from end to end.

Another very effective illusion, arranged upon the same principle, shows the head and bust of a lady supported on a three legged stool resting on a small table. One can apparently see not only between the legs of the table to the back of the stage, but through the space between the stool and the table.

In this case the three legged stool is arranged with mirrors precisely as in the tripod illusion, but the table, which has four legs, is managed differently. A large mirror is placed diagonally under the table, joining to opposite legs. Thus the spectators really only sees three of the legs, the fourth being simply the reflection of the first.—New York World.

QUICK WORK WITH A SHARK

Three Kanakas Went Down and Got Him While He Was Asleep.

"The Kanakas of the Hawaiian Islands have about as much fear of the huge sharks that infest the Hawaiian waters as we have of one-month-old fox terrier pups," said a naval officer who recently returned from the Asiatic station by way of the islands. "One morning a couple of months ago, when our ship was lying in Honolulu harbor, a big banana barge, propelled by three muscular, fine looking, nearly nude Kanakas, pulled alongside of us to peddle the fruit among the men forward. Just as they got the barge close to the ship the three Kanakas began to jabber excitedly in their queer, musical language and to feel of the edges of the knives suspended by lanyards around their necks.

"The eyes of those Kanakas were keener than ours, and they had seen a big shark asleep directly beneath the lighter, the water being so clear down that way that objects can be seen through it to a great depth. It didn't take those three giant muscled Kanakas more than ten seconds to shuffle out of their few clothes. Then they removed the strings from their long knives, grasped the knives in their right hands, stepped gently over the side of the lighter, hung to the gunwales of the lighter with their left hands for a moment or so, and then, altogether, they gave that queer diving wriggle to their legs in which they are so expert and disappeared from the surface. We couldn't see them going down on account of the commotion and consequent bubbles they made in the water.

"Within about ten seconds after they disappeared the bubbles that came to the surface began to take on the hue of blood.

"'That about settles one Kanaka, if not the whole three of them,' said we on the gangway. The next thing we saw was a gigantic shark thrashing the water crazily on the port side of the lighter and incarnadining the sea within a radius of fifty feet with its blood. Then the three Kanakas came up, all in a bunch, like a trio of jacks-in-the-box, with contented smiles on their faces. The shark thrashed around for five or ten minutes, and at the end of that time he was as dead as any salted mackerel in a barrel, the entire length of him. The three Kanakas had tackled him altogether as he slept, had driven their knives into his vulnerable parts, and before he had a chance to pull himself together he was as good as dead. It was as workmanlike a job of going after big sea game as ever I saw."—Philadelphia Times.

Society and Companionship.

The privilege of having some one with whom we may exchange a few rational words every day, as Emerson phrases it, is the choicest gift in life. We are rich in society and yet poor in companionship. In the overflow of chatter we are starved for conversation. Social life is so largely an affair of representation, it inclines so largely to the spectacular and to what its chroniclers designate as "social functions," that the element of conversational intercourse is almost eliminated. Yet, primarily, is not that the supreme object of all friendly meeting? When we reduce to first principles this complex thing called living, do we not go to our friend solely to talk with him? Do we not invite him solely that we may exchange ideas and compare views on subjects of mutual interest? Still, as things go, people meet all through a season in the midst of groups and throngs—at dinners, receptions, entertainments of all kinds—without exchanging one word in the way of true intercourse.—Exchange.

Swift Was a Dunce at School.

Not only philosophers and divines, but some of the most trenchant satirists and brilliant humorists were dull enough as boys. It has been said of Swift in his best days that "he displayed either the blasting lightning of satire or the lambent and meteorlike caricatures of frolicsome humor." And yet this vigorous disputant was considered a fit subject for a fool's cap at school. Afterward at the Dublin university "he was by scholars esteemed a blockhead," who was denied his degree on his first application and obtained it with great difficulty on the second.—London Standard.

The Woman and Her Face.

Once upon a time a woman had a quarrel with her features because they made ugly faces at her when she looked in the glass. She scolded and scolded, but it all did no good.

Finally she sat in front of her mirror, and with rouge, powder and black pencil went deliberately to work to show her face how wrong it was and succeeded.

After a time she smiled a smile of intense satisfaction, and her face smiled pleasantly back at her.

THE WOODCOCK.

Where Does It Hide During the Molting Season?

It is during the months of August and September that the mystery of the woodcock's life begins. This is the molting season, when the bird changes its plumage before beginning its journey southward. At this time it leaves the swamps. Where does it go? That is a question which has never yet received a satisfactory answer, although each sportsman and naturalist has his own opinion, and many fine spun theories have been advanced. Some say that the birds move toward the north, some that they seek the mountain tops, coming into the swamps to feed only after nightfall; some that they seek the cornfields, and there have been many other such theories.

Probably the truth lies in a mean of all these statements. I think it probable that the birds know the loss of their feathers renders them to a certain extent helpless and more exposed to the attacks of their natural enemies, and they therefore leave the more open swamps and hide in the densest and most tangled thickets. It is certain that they scatter, for at this season single birds are found in the most unusual and unexpected places.

Years ago when shooting in Dutchess county, N. Y., I knew one or two swamps, which we called molting swamps, where in August we were sure to find a limited number of birds. These swamps were overgrown with rank marsh grass and were full of patches of wild rose and sweetbrier. If we killed the birds which we found there, we were sure in a week or ten days to find their places filled by about the same number.—Outing.

MILITARY DISPLAY.

An Amusing Bit of Routine In a New York Hotel.

There is no better place to mark the increasing love of military display and maneuvers than the lobby of a large hotel. The colored help in particular are great soldiers. In one of the Broadway hotels uptown the colored hallmen are changed at noon. Things were quiet in the lobby at that hotel today, for the clerks and bookkeepers were deep in their books, and the loungers were all sitting peacefully on the sofas when the steady tramp, tramp of what sounded like a regiment of infantry broke the stillness.

The regiment consisted of six colored hallmen in blue and brass, with an especially resplendent mulatto in a more gorgeous uniform walking at the head of the procession, says the New York correspondent of the Pittsburg Gazette. He lined his six men in front of a bench before the desk, looked them over sharply to see that they were "eyes front" and hissed "Attention!" Then as he clapped his hands once the six men hinged their legs simultaneously and drooped into their seats like a row of wooden soldiers.

The mulatto wiped his brow with a highly perfumed handkerchief, glanced at the head clerk for approval and as the first man responded with a jerk to the cry of "Front!" went to the main doorway to look at the sunlight of Broadway with the air of a successful major general. The whole performance was excruciatingly funny, but I am sure that mulatto would have committed assault and battery on any one who dared to laugh.

The Wax Insect.

Trees afford the birthplace and cradle of the wax insect, scientifically called Cossus pela. In the early spring the bark of the boughs and twigs becomes covered with brown pea shaped scales, which can be easily detached and which, when opened, reveal the flowery looking mass of minute animals, whose movements can just be detected by the naked eye. In May and June, however, the scales are found to contain a swarm of brown creatures with six legs and two antennæ each. Some of the scales also contain the white bag or cocoon of a small black beetle, which, if left undisturbed, burrows into and consumes the scales. The Chinese say that this beetle eats the little wax insects, and it appears certainly the case that where the parasite is most abundant the scales fetch a lower price in the market.—Chambers' Journal.

All In the Family.

They were discussing the factors which make for success in the world, when the knowing young man said:

"There's nothing like force of character, old man. Now, there's Jones. Sure to make his way in the world. Has a will of his own, you know."

"But Brown has something better in his favor."

"What's that?"

"A will of his uncle."—Stray Stories.

Legal Points.

"So he got out an injunction against your company," we say pityingly. "Why didn't you forestall him by getting an injunction to prevent the issuance of his injunction?"

"I couldn't. You see, he was slick enough to get out an injunction against my getting out an injunction against his injunction!"—Baltimore Herald.

"It has to be," snapped Smuthers, "to match some of the people in it."—Cincinnati Commercial Tribune.

BEATEN TO DEATH.

Mrs. George Marshall, Colored, Escorts Non-Union Man Through Crowd of Strikers at Jessup.

THE NINTH REGIMENT ON DUTY

Governor Stone Says There is No Need of Martial Law—What T. P. Rynder Wants the State Executive to Do in the Premises.

MITCHELL SAYS STRIKERS ARE FIRM

SCRANTON, Sept. 26.—James Winston, aged 48 years, was killed, and his son-in-law, S. J. Lewis, was severely injured by a gang of Hungarian strikers who waylaid them on their way to work. The affair took place half a mile from and almost within sight of the camp of the Thirteenth regiment at Olyphant. Lewis got away, but Winston had his skull crushed in by a club and fell unconscious. While he lay prostrate and dying the crowd jumped on him, kicked him in the face and beat him with clubs. He was carried home by Wm. Doyle, a non-union man, and Mrs. Doyle, who witnessed the murder. The three men who, it is said, did the killing have fled.

Mrs. Geo. Marshall, colored, wife of the proprietor of a hotel at Jessup, armed with a shotgun, safely escorted a hunted non-union man through a crowd of 100 strikers from the hotel to the Sterrick Creek collery stockade late Wednesday night. When the crowd began to avenge itself by bombarding the hotel Mrs. Marshall fired on the nearest group and peppered a dozen men with bird shot. This scattered the mob.

T. P. RYNDER WANTS GOVERNOR TO START MINES.

ERIE, Sept. 26—The following appeal was forwarded to Governor Stone last night:

William A. Stone, Governor of Pennsylvania—Dear Sir: You have executive power. The people should take military possession of the anthracite mines and set them at work, give the miners wages on conditions which they proposed and which the coal companies refused to arbitrate. The coal combine gets it power from the state of Pennsylvania. To that it is amenable. You are now preserving the peace by the military power of the state. You can start the mines' production by the same power. President Roosevelt said: "It is up to the state of Pennsylvania." In this great emergency you represent the power of the state.

I pray you exercise executive power, public weal and justice, and the people of the whole country will do you honor.

(Signed) THEODORE P. RYNDER.
State Chairman People's Party of Pennsylvania.

GOVERNOR STONE'S STATEMENT.

HARRISBURG, Sept. 26.—Governor Stone was asked Thursday morning if he would declare martial law in the coal regions. He said:

"Without discussing the power of the governor to declare martial law, it will be wholly unnecessary to resort to that remedy. The 51st section of the act of the assembly approved April 28, 1899, provides that 'When a tumult, riot or mob shall exist the commander-in-chief shall call upon the National Guard and he may of his own discretion order any number of men of the enrolled militia to be drafted and may detail or commission officers to organize the forces.' The National Guard have been sent into the coal regions to suppress tumults, riots and mobs where the civil authorities are unable to suppress them. They will not interfere with the civil authorities, but are there to aid and assist them in preserving order. There is now a surplus in the treasury and the state is prepared to maintain a large army in the field for an indefinite time. I have no hesitation in expressing my disapproval of tumults, riots and mobs and all acts of violence and my determination is to suppress them and preserve order regardless of consequences and regardless of cost."

5TH REGIMENT ORDERED TO BE READY.

Altoona, Pa., Sept. 26.—The Fifth Regiment, National Guard of Pennsylvania, Colonel Elder commanding, is under orders to be ready to move within ten hours to the hard coal field, if needed. Company B, of the regiment, is located in Bellefonte. The men are ready to move, but do not expect to see service.

WHAT PRESIDENT MITCHELL SAYS.

Indianapolis, September 25.—President Joen Mitchell, of the United Mine Workers of America, in a long distance telephone message to the News to-day from Wilkesbarre, said:

"The press reports of lawlessness in the strike region are greatly exaggerated. There has been no serious outbreak.

"There have been individual acts of lawlessness, but nothing more has approached concerted move on the part of the strikers.

"There is no reign of terror and the miners are conducting themselves as peaceably as when the strike started.

"It is not for me to criticise the state authorities in sending troops to the strike region, but I do not see any more need for troops now than there was the day the strike began.

"The miners are standing firm and I can see no evidence of weakening on their part. Every day non-union miners are quitting the mines and joining forces with us."

A TRIP INTO FERGUSON.

Prosperity at State College, Welcome Rain and Very Pleasant People.

Despite the fact that the equinoctial storm which commenced last Wednesday evening interfered with my progress, it was a greatly needed blessing to hundreds of farmers through Centre county, as I had occasion to prove by personal experience. Monday morning, after proceeding a few miles up Spring creek, I started out through the "barrens" and there passed three farm houses where all water for stock had to be hauled a mile or more. I could sympathize with them, for to do without plenty of good water would be to me the most disagreeable experience imaginable.

Harris Hoy and a posse of assistants were decidedly in evidence at their stock farm and there I met and took dinner with my friend, D. F. Smith. Then I proceeded to what was formerly Houserville, but now the post office is merged into that of State College and all the inhabitants are luxuriating in the blessings of rural free delivery. William Sarson and G. S. Keller, the latter the proprietor and the former an employe of the woolen mill, subscribed for the REPUBLICAN. My first night was spent with the family of Watson Struble, who live on Dr Christ's farm, and a fine family they are. Mrs. Struble is the mother of twelve children, nearly all of whom are boys of whom she is justly proud. They used to live near Bellefonte on one of the Valentine farms.

Tuesday morning, through a dense fog, I went over to Lemont and met Robert Evy, the merchant, who is a particularly bright young man and is doing a good business if I may judge by the number of customers who were in his store at that early hour. J. D. Osman became a subscriber. Then I met Mrs. John S. Lucas, a very pleasant lady, and later J. M. Coble, the shoemaker, who told me he had been a subscriber for the REPUBLICAN since 1874.

Then I went out toward the mountain and perambulated in the direction of the community known as Shingletown. I believe that Robert N. Campbell was the only new subscriber I met on this tour until I reached State College borough, where Jas. C. Stephens was also secured. I watched the work of excavating for the foundation of the new chapel structure, which is the gift of Mr. Schwab. This, with the projected new library edifice, the gift of Mr. Carnegie, ensures the liveliness and prosperity of State College for at least a year to come. There was a wrestling match on Beaver Field Tuesday evening between picked students from the Freshman and Sophomore classes, respectively, but as I worked late in the evening, visiting Wm. Kreamer, Wm. McBath and Prof. J. Jackson respectively, I did not have opportunity to witness it, but heard that the Sophs came out on top. On my way along the Whitehall road on Wednesday I added O. A. Johnson, Robert C. Flory and Lemuel H. Osman to the list. All along this road and out toward Scotia I found the drought prevailed and A. O. Tyson told me he had to haul water a mile for his stock, so I generously told him I hoped it would rain as soon as I reached Pine Grove Mills. He said he hoped that the precipitation of moisture would come before I was within a mile of that place. Lo, it did; and that night a most refreshing rain came.

One would suppose that the farmers all through that section, considering what a splendid rain marked my visit, would all subscribe for the REPUBLICAN, and doubtless they will when I visit that locality next time. But all I added in Pine Grove were Mine Host R. R. Randolph, proprietor of the St. Elmo; Edward Bubb and S. H. Swab, the last mentioned taking it on conditions not necessary to explain. But just here I cannot write in too praiseworthy terms of the St. Elmo House. Mr. Randolph became the proprietor the past summer and conducts it in splendid style, there being no better in the country and few as excellent. He also has a livery. He makes it pay, as its fame has spread far and wide and it is a favorite resort for traveling men. It is a strictly temperance hotel and hence a living refutation of the legal heresy that the traveling public demand liquid refreshment of a fiery character.

Pine Grove was the scene of an interesting woman's missionary convention this week, particulars of which are published elsewhere in this paper.

J. H. Ward, the station agent, not only subscribed, but also treated ye scribe and others who assembled to the finest Edison phonograph concert ever heard in Centre county. He is a representative of Thos. A. Edison, the celebrated electrical wizard, and will appear daily at the Centre county fair next week with the wonderful talking, singing and orchestral machine.

When You Think

Of the periodic pain which many women experience with every month it makes the gentleness and kindness always associated with womanhood seem to be almost a miracle. While in general no woman rebels against what she regards as a natural necessity there is no woman who would not gladly be free from this recurring period of pain.

Doctor Pierce's Favorite Prescription makes weak women strong and sick women well, and gives them freedom from disease. It establishes regularity, dries weakening drains, heals inflammation and ulceration and cures female weakness.

Sick women are invited to consult Dr. Pierce by letter, *free*. All correspondence strictly private and sacredly confidential. Write without fear and without fee to Dr. R. V. Pierce, Buffalo, N. Y.

Mrs. T. Dolan, of Madrid, Perkins Co., Nebr., writes: "I was cured of painful periods by the use of Dr. Pierce's Favorite Prescription, and his Compound Extract of Smart-Weed. I think Dr. Pierce's medicines the best in the world."

"Favorite Prescription" has the testimony of thousands of women to its complete cure of womanly diseases. Do not accept an unknown and unproved substitute in its place.

Death of Mrs. Rebecca Neidigh.

Mrs. Rebecca Neidigh died Wednesday evening at the home of her daughter, Mrs. Benjamin Beaver at State College after a lingering illness. The deceased was born at State College, Sept. 22, 1836 and was 67 years old last Monday. She was a conscientious christian lady and a member of the Lutheran church. Besides her only daughter Mrs. Beaver with whom she made her home the following sisters survive: Mrs. Jos. Strouse, Mrs. Emanuel Fye, Pine Hall; Mrs. Harry Gheret, Bellefonte; and Mrs. Annie Stover of State College. The funeral took place Friday afternoon at 2 o'clock, Rev. C. T. Aikens officiating, interment in Pine Hall cemetery.

Pastor Frick Surprised.

The members of the Church of Christ at Blanchard gave their pastor, Rev. M. C. Frick and wife, a happy surprise Tuesday evening. It was the occasion of Rev. Frick's birthday anniversary and a large company met at his home at 8 o'clock. The surprise was complete. The evening passed pleasantly in games, social intercourse and music. Refreshments were served and it was near midnight when the merry company returned to their homes.

Rev. Frick Wednesday left for Baltimore to officiate at the marriage of his brother George Frick and Mrs. Alice Hopkins.

"Side Tracked" Well Received.

A. I. Scammon's Company in the comedy production "Side Tracked" played in the Garman Opera House Thursday evening to a fair sized audience. Without any hesitation we can safely say everybody was well pleased. Every part was well taken especially that character of the tramp by Paul Matchette, he was heartily received whenever he made his appearance on the stage. The play was clean and we are sorry a larger audience did not greet them.

Notice to Enforce Ordinance.

The penalty for a violation of the ordinance is $5 to $25 fine or imprisonment.

A REPORTED DEATH.

Sentenced For Long Term in The Penitentiary.

WHERE ARE HIS RELATIVES

A Prominent Presbyterian Minister Dead—A Dispatch from Manila.

WHAT IT REALLY SIGNIFIES

DEATH OF A PRESBYTERIAN DIVINE.

WILKESBARRE, Sept. 25.—Rev. Henry H. Welles, D. D., for forty-seven years a prominent minister in the Presbyterian church, died at his home in Forty Fort Wednesday of paralysis, aged 78 years.

EMPEROR OF COREA REPORTED DEAD.

PARIS, Sept. 25.—In a dispatch from Seoul, Corea, the correspondent of the Figaro says it is reported that the Emperor of Corea is dead.

GOT LONG TERM IN THE PENITENTIARY.

MEDIA, Sept. 25.—James Pratt, the Chester negro, who, with William Paxon and Albert Morris, also colored, was implicated in the brutal assault on Thomas Martin, the aged proprietor of the Steamboat hotel in Chester, was found guilty and sentenced by Judge Johnson to 20 years' imprisonment in the Eastern penitentiary. Morris and Paxon were sentenced to 19 and 20 years respectively at the last session of court. They were brought here and both swore it was Pratt who fixed up the scheme to rob the hotelkeeper.

WHERE ARE HIS RELATIVES?

Commander Adam Leake, of Post 62, Grand Army of the Republic, yesterday received a letter from James C. Stauffer, Commander of Post 407, Port Trevorton, Snyder county. The following extract is published:

"William Walls, who claimed to be a native of Blair county, 60 years old, while traveling through our county, took sick and died September 10, and was buried under the auspices of this Post in St. John's cemetery, this county, September 12. Papers found on the person of the deceased proved that he was a private in Company E, Sixty-eighth Regiment, Pennsylvania volunteer infantry, from August 16, 1862, to January 15, 1864, when he was transferred into the Veteran Reserves Corps.

"The object of this letter is simply to convey the information to the relatives and friends of the deceased if they can be found."

THE MOROS HARD TO REACH.

WASHINGTON, Sept. 25.—That the task of reducing the Moros to terms is proving difficult is indicated by the following cablegram received yesterday by the War Department from General Chaffee:

MANILA, Sept. 24.—Adjutant General, Washington: Captain John J. Pershing to Vicars; unable to reach Maciu forts, water and swamps prevented.

CHAFFEE.

This dispatch means that Captain Pershing has been compelled to retreat to his base at Camp Vicars and that the Moros position is much stronger than was believed by army officers.

The Hunting Season.

Young nimrods and others who have not kept close tab on the game laws of Pennsylvania should remember that hunting and fishing on Sunday are unlawful. The open season, when game birds and animals may be hunted, is as follows: Wild turkey, pheasant, grouse, quail, partridge, prairie chicken, October 15 to December 15; web-footed wild fowl, such as ducks and geese, September 1 to May 1; plover, July 15 to January 1; woodcock, during July and October 15 to December 15; rail and reed birds, September 1 to December 1; elk and deer dogs must not be used, November 1 to December 1; squirrels, October 15 to December 15; hares and rabbits, November 1 to December 15.

It is unlawful at any season of the year to kill any elk, deer, fawn, wild turkey, pheasant, grouse, quail, partridge or woodcock for the purpose of selling the same. It is also unlawful for any one person to kill in any one day more than ten ruffled grouse, commonly called pheasants, or more than 15 quail, or more than 10 woodcock, or more than two wild turkeys, or to kill in any one season more than two deer.

While hunting and camping in the proximity of streams sportsmen should also remember that the season for catching speckled trout, which opened April 15, closed July 15, black bass, pike and pickeral, however may be caught, as the open season for the former closes December 31 and for the latter two it closes January 31.

A Big Reward.

The Clearfield county commissioners offer a reward of $200 for the apprehension and conviction of Moses Thomas, the colored man who shot and killed John Russell, at Grampian a few days ago. Thomas is about 33 years old; 5 feet ten inches tall and weighs from 160 to 175 pounds. He is "copper" colored, high cheek bones, small moustache, and has a scar on his right cheek.

LUTHERAN LADIES

Hold Their Foreign Missionary Meeting at Pine Grove Mills.

Last week, beginning on Tuesday, the Women's Foreign Missionary Society of the Evangelical Lutheran church met in convention at Pine Grove Mills. There were about sixty delegates and visitors present, who were well entertained.

An introductory address was delivered on Monday evening by Rev. Rearick, of Centre Hall.

On Tuesday morning the session opened with reports from the several committees, the most notable and encouraging being the report of the financial committee, which showed receipts during the past year of about $1,400, which is $200 in excess of previous years.

This was followed by a praise service.

An excellent address was given on Tuesday evening by Rev. J. A. Singmaster, D. D., of the Theological Seminary Pittsburg, Pa.

The election of officers took place on Wednesday morning, those of last year being re-elected, viz:

President, Mrs. E. Cora Holahan, Lock Haven; vice president, Mrs. Rev. N. H. Schock, New Berlin; recording secretary, Miss Annie R. Keiser, West Milton; Corresponding Secretary, Miss M. Katherine Furst, Salona; treasurer, Mrs. Rev. C. L. McConnell, Mifflinburg; Historian, Mrs. S. A. Fair, Salona.

Mrs. Ella Fleming, of Bellville, pronounced a touching and effective memorial address on Miss Cora Utts, of Belleville, whose death occurred during the past year. Miss Ella Clemson, a deceased member of the local society, was also remembered.

Fraternal greetings were presented from the Susquehanna Synod by Rev. Fryberger in an address of exceptional excellence.

The children's hour was enjoyable. The first half hour was occupied with exercises by young people of Pine Grove Mills, among which was an address by Miss Grace Elda, and the closing half hour was devoted to "Missionary Wishes" conducted by Miss Julia Deininger, of Millheim.

The closing session Wednesday evening was the occasion of a brilliant sermon by Rev. Stewart Hartman, D. D., of Baltimore, Md., General Secretary of the Board of Home Missions.

Farewell words were spoken by Miss Ely, of Bellville. Then a farewell reception was given at the parsonage by Rev. and Mrs. Aikens, all the delegates and visitors, including a fair sprinkling of gentlemen, being in attendance. Light refreshments were served and it proved an improvement over the customary introductory reception, as the delegates could there cement the pleasant acquaintances already formed.

An Alligator for a Pet.

Elias Snyder, the east end Nittany valley farmer, received a pet Wednesday morning a pet which is as bad as a white elephant on his hands—an alligator. It came by American express from Fayette, Miss., and it is supposed was sent by Mr. Snyder,s son, who is in the south. Mr. Snyder is considerably stirred up over his gift—he doesn't know what to do with it, whether to turn it our with his sheep or his poultry, or whether to take it to his bosom and fondle it carefully until it becomes better acquainted with its new surroundings.

The only kind of consumption to fear is "neglected consumption."

People are learning that consumption is a curable disease. It is neglected consumption that is so often incurable.

EDITORIAL.

THE BELLEFONTE "REPUBLICAN FOR 25 CENTS.

In order to place the REPUBLICAN, during the coming campaign, in as many homes as possible, we have decided to make the following liberal offer. On receipt of 25 cents, we will mail the REPUBLICAN (weekly) to new subscribers, until after the election in November. As the campaign promises to be decidedly exciting and interesting, persons wishing to keep themselves informed on the political situation, should avail themselves of this generous offer. The REPUBLICAN intends taking a leading and decided stand during the campaign, and we promise interesting reading to its subscribers.

OUR COUNTY TICKET.

From present indications there is not the slightest doubt but that every member of the Republican ticket will be triumphantly elected at the November election. The only thing possible to cause their defeat will be the apathy of the members of our own party. We have the votes to do it, and if we all turn out as is our duty, Centre County will be in the Republican columns of the State.

There is no reason why any single candidate should fall behind in his majority, for they are all honorable and competent men. An evidence of the fact that the Democratic leaders do not expect to elect their candidates, is shown by the effort being made to secure votes by any means, (fair or otherwise,) for the State Senator and Members of the Legislature. They are taking no interest whatever in the balance of the county ticket, but hope to save one of their candidates for assembly, but we assure them they will not accomplish even this.

We appeal to the Republican voters to do no trading. It is not necessary, for victory is assured to every candidate on our ticket, and when the election is over there will be more surprised democrats in Centre County than were ever known, for we hardly suppose Chairman Bower is giving information in advance.

HON. S. R. DRESSER'S POPULARITY AT HOME.

Two hundred and thirty employees of Caldwell and *Co.*'s Iron Works employed at Bradford, organized the S. R. Dresser Marching Club and held a meeting unanimously endorsing him as their choice for Congress. Several speeches were made, among the speakers was Hon. H. H. North, well known to many citizens of Bellefonte. He congratulated the members of the Independent Dresser Marching Club upon their good judgement in supporting the candidacy of Mr. Dresser.

Mr. North eulogized Mr. Dresser as an ideal citizens who aimed to better the conditions of the people and who would ably look after the welfare of the district when elected to Congress, which election he did not for a moment doubt. The speaker complimented the men on the fact that partisanship had not prevented them from joining the support of the Republican candidate. He had learned that many of the members were not of that party and it evidenced their good judgment at this time to do as they had done. Conditions as they now prevail speak well for the party in power and to perpetuate such conditions is the chief desideratum, or should be, with all class of citizens.

Other speakers followed who spoke in the same line as did Mr. North, giving their testimony as to his being worthy of their confidence and support.

ALTHOUGH H. H. Hewitt is not personally known in all sections of our county we can assure the Republicans that he is in every way qualified to discharge the duties of Recorder, and is a moral, upright man; agreeable and accommodating. We have this from both Democrats and Republicans living in Philipsburg, who know him intimately and are working to secure his election.

On Their Honor.

Some newspaper subscribers very often wonder why a publisher continues sending the paper when the subscription has expired. When the subscription is paid to a certain time, and the time expires, and the paper is stopped, it looks as if the editor doubted the integrity of the subscriber, and in nine cases out of ten the subscriber will give the publisher a calling down for insinuating that his credit is not good. Rather than cast any reflection against a neighbor's honesty to pay a small debt it has become customary for country newspapers to continue sending the paper after the time has expired. The city weeklies and dailies do not generally follow this rule, as their subscribers are not acquainted with them and do not know their financial standing. One should consider it an honor to know that his credit is not doubted when the publisher continues to send the paper. Should the subscriber desire to have his paper discontinued he should inform the publisher and remit to date, if any amount is owing.—Ex.

—We are constantly learning something new, at least new to us, in fact there are but few who, by keeping their eyes and ears open, cannot acquire knowledge. Those who have never had the advantage of an education in institutions of learning can gain lots of information by observation. We were reminded forcibly of this Thursday, when one of our most cultured and refined ladies took us to task for having in our personals announced that "Mr. Jones and wife" had arrived in town, telling us that it was in bad form, and should have read Mr. and Mrs. Jones. Now, why this lady should object to the word wife is more than we can understand. We have always considered that wife and mother were the two sweetest words in the English language, and infinitely prefer hearing a husband say "my wife" to have him speak of her as "Mrs." Hereafter we will refain from using in our columns the word wife indeference to the opinions of those who are supposed to know the proper way of expression, but it will be against our sentiments.

GOV. PATTISON AND THE SOLDIER

Why Grand Army Men Are Opposing His Election.

HIS VETO OF THE BURIAL BILL

He Was Willing That Honorably Discharged Soldiers and Sailors Should Be Buried in the Potter's Field. Only Nineteen Democrats Endorsed His Course.

Harrisburg, Pa., Sept. 30. — Hon. Robert E. Pattison, Democratic candidate for governor, lives in a glass house and should therefore avoid throwing stones. He is an official with a political and a partisan past. It is for this reason that almost to a man the members of the Grand Army of Pennsylvania are opposing his candidacy. They can never forget some of his actions when he was governor.

In 1885 the legislature passed a bill whose object it was to prevent honorably discharged soldiers and sailors from being buried in a pauper's grave. Governor Pattison vetoed it. He wrote a veto message that will live in the memory of the old soldiers as long as they live. To the credit of house and senate they passed this bill over the governor's veto. Only 19 Democrats dared to stand by their governor. The bill, House Bill No. 10, was entitled:

TO BURY THE SOLDIER HEROES.

"An act authorizing and requiring the county commissioners of each county in the state to appoint a sufficient number of suitable persons in each township or ward of their county, at the expense of the county, to look after, bury and provide a headstone for the body of any honorably discharged soldier, sailor or marine who served in the army or navy of the United States during the late rebellion or any preceding war, and shall hereafter die in their county leaving insufficient means to defray the necessary burial expenses."

Governor Pattison, then in the executive chair, wrote this veto message:

"Harrisburg, May 8, 1885.

"To the House of Representatives of the Commonwealth of Pennsylvania:

"Gentlemen—I herewith return, without my signature, House Bill No. 10, entitled 'An act authorizing and requiring the county commissioners of each county in the state to appoint a sufficient number of suitable persons in each township and ward of their county, at the expense of the county, to look after, bury and provide a headstone for the body of any honorably discharged soldier, sailor or marine who served in the army or navy of the United States during the late rebellion or any preceding war, and shall hereafter die in their county leaving insufficient means to defray the necessary burial expenses.'

"The bill requires the commissioners of every county in the state to appoint in every ward and township in their respective counties such number of persons as they shall deem 'sufficient,' who shall hold their offices during the pleasure of the commissioners, and be charged with the following duties: To 'look after and cause to be buried in a decent and respectable manner, in any cemetery or burial ground within the state, other than those used exclusively for the burial of the pauper dead,' the bodies of honorably discharged soldiers, sailors or marines who served in the army or navy of the United States in the late rebellion or any preceding war, and who may die leaving insufficient means to pay for their burial. For the cost of every such burial, to the amount of $35, the county commissioners are required to draw warrants upon the treasury of the county.' After such burial, the commissioners are required to erect over every such grave a headstone of such design and material as they think proper, inscribed with the name of the person and the organization in which he served; and for the payment the expense of every such headstone the commissioners are authorized to draw a warrant to the amount of $15, which 'shall be paid out of the funds of the county in which said soldier, sailor or marine died.'

"This bill is a remarkable exhibition of the unwarranted and preposterous extent to which a most laudable and patriotic sentiment may be carried. That principle which induces governments to pension and provide for injured and destitute soldiers, is founded in wise policy as well as dictated by the spirit of a liberal humanity. The United States and our own commonwealth have carried this principle into their laws with no niggardly hand.

DONE ENOUGH FOR THE SOLDIERS

"Thoughtful patriots have not hesitated to say that all has been done in this direction that the most generous and grateful of governments ought to do consistently with common prudence and wise public policy, and that the limit has been reached beyond which liberality will become extravagance and benevolence breed abuse. The bill herewith returned is a striking proof of the justice of such warnings, and an illustration of the thoughtlessness and crudity that may characterize legislation enacted under the pressure of misguided charity. By this bill, any man who fought in the United States army in any war, and who dies in any county of the state without leaving sufficient means for his burial, immediately becomes a charge upon the county for his burial to the amount of fifty dollars. He may never have had a residence in the county; he may even never have been a citizen of the state; he may not have been wounded, or become diseased or disabled in the public service; he may die as the result of his vices or his crimes, by accident or by his own hand; he may have enjoyed and wasted the bounty of the Federal government or the state for years; he may die in the perpetration of a felony, or be a criminal fleeing the justice of another jurisdiction; but no matter who he is or what he has been, if he served in the army or navy of the United States in any war and dies destitute in any county, that county must bury him at an expense of thirty-five dollars, and erect a headstone over his grave at a cost of fifteen dollars.

MEXICAN WAR VETERANS.

"A destitute soldier of the Mexican war, who enlisted from the state of New Jersey, and who all his life has been a resident of that state, may go into Philadelphia and die there; or one from the state of New York may wander into and die in any county on our northern border, and in each case the county in which the soldier dies becomes liable for an expenditure of fifty dollars for his burial. And so of destitute soldiers coming into our commonwealth from any other state, no matter how they come or what caused their destitution, so that they get into our state and die here, this bill operates to charge the counties which may be so unfortunate as to be the places of their death with the cost of their burial. Could any bill be more void of intelligent principle or based upon so little reason? No guard of any kind is provided to protect the counties from imposition, and no account whatever is taken of any of the many circumstances that in the most liberal pension laws that were ever enacted are always made an indispensable condition for the enjoyment of their bounty.

OUTSIDE SOLDIERS AS OUTCASTS.

"It is impossible to conceive of any reason why a soldier who was never credited to Pennsylvania, who never reflected any honor upon her arms; who never contributed by industry, citizenship or otherwise to her prosperity, should by the mere accident of death within her borders be entitled, no matter what his character of life may have been, to the burial this bill provides at the expense of one of the counties. The lowly citizen of our state, who, though not a soldier, has spent all his life within our commonwealth, supporting her institutions and dignifying her reputation by virtue, sobriety and industry, and who through misfortune dies a pauper, can claim no such privilege as this bill gives indiscriminately to strangers of whatever character. He must receive a pauper's burial. It is quite possible to conceive, if this bill should become a law, that neighboring states might rapidly be relieved of much of their unproductive soldier population to the marked increase of that class in our own state.

"The machinery provided by the bill for carrying out its provisions also calls for notice. It authorizes and makes it the duty of the county commissioners to appoint an indefinite number of persons in every ward and township of the state, who are to be the officers having in charge the burials in their respective wards and townships. This means the creation of many hundreds—possibly thousands—of officials; and while the bill provides that they shall serve without compensation, yet experience shows that official duties invariably entail official expense, and it is not probable that these functionaries would be an exception to the rule. Apart from this, however, it is always an objection when legislation creates an undue number of officers, which this bill undoubtedly does.

"It may well be questioned, also, whether the provisions of this measure fall within the scope of the legislative power. It will be observed that it does not appropriate the money of the state, but attempts to direct the bounty of the counties. It commands that certain political sub-divisions of the state shall perform certain charitable acts—not generally, as in establishing a poor-house or the like, which is an exercise of the general police power of the state, but specially, in a special manner, with reference to a special class and at a special definite cost. Without now deciding the question, the executive would suggest that the bill requires considerable stretch of legislative power to justify its principle.

"ROBT. E. PATTISON."

As stated above, out of the 250 members of the house and senate, only 19 of them dared to follow their Democratic governor in upholding his attack on the Civil War veterans.

Hon. Robert E. Pattison is today asking the suffrages of Union soldiers. Can they forget this action and the above veto message?

Judge Pennypacker's Character.

At the State League of Republican Clubs, which met at Erie, the following resolution was unanimously adopted:

"To the electors of Pennsylvania: We recommend the pure, upright and unswerving judicial career of our candidate for governor, which has been as straightforward and unsullied as his private and domestic life, which commands our reverent respect and defies adverse criticism. His record gives assurance that in him the people of our state will have an honest, fearless, independant and upright executive, and we hereby pledge to him our earnest and loyal support."

REPUBLICAN CANDIDATES

Continued From 1st Page.

Clinton County, Pa., where he engaged in the merchantile business for himself and others, and for a few years was also interested in farming. At present Mr. Allison resides in Spring Mills, and has been a resident of that village for over seven years. With the duties of Auditor he is perfectly familiar, having served in that capacity for a period of fifteen years in Porter township, Clinton county Pa.

HENRY LOWRY.

Candidate for Sheriff.

Henry Lowry, the Republican candidate for Sheriff of Centre county, was born in Benner township, this county, August 20, 1849. His father died when he was nine years old and at the age of thirteen Henry began the struggle of life by working on a farm by the month. At the outbreak of the civil war he was too young to enlist, but five of his older brothers were in the army and did valiant service for their country. On account of this the burden of supporting the family fell on his young shoulders and he was compelled to work away from home, so he followed farming in the summer and worked in the lumber woods in the winter. After the close of the war he followed lumbering and driving team.

In 1879 he commenced to learn the carpenter trade as an apprentice. Three years afterward he undertook contracting and followed that line ever since. All of the contracts have been in Centre and Clinton counties, the larger potion in Bellefonte and State College. He helped to build the first building at Scotia, Patton township, and lived there seven years.

He moved from Scotia to Bellefonte where he has been living ever since. Although living in a strong Democratic ward he was twice elected to council, both times by unusually large majorities. He is strictly temperate, industrious and a hard working man. In the last sixteen years he has had in his employ anywhere from six to forty or fifty men, and never had a dispute with a man.

He is a worthy man against whom not a single objection can be raised, perfectly capable of filling the office of Sheriff. If elected he will serve the people and their interests as he has served himself and his interests, honestly, faithfully and conscientiously.

PHILIP D. FOSTER.

Candidate for County Treasurer.

Philip D. Foster, whom the Republicans of Centre county have honored with the nomination for County Treasurer, was born at Oak Hall in Penns Valley, in 1864. He comes from one of the most influential and highly respected families in the county, his ancestors being among its earliest settlers.

His early life was spent at hard work upon a farm in the summer and attending a country school in the winter. When he was 18 years of age he moved to State College where he has resided ever since with the exception of two years in Dakota and two years in Harrisburg. At the latter place he was attached to the State Ordnance department which position he held under the administration of Gov. Hastings.

For ten years he served as a member of the National Guard of Pennsylvania, having entered as a private in Company B of Bellefonte and came out Adjutant of the 5th Regiment.

His popularity is unquestioned as the hosts of friends he has made will amply testify to. The high esteem in which he is held at home is shown by the fact that he is now serving as burgess of State College, having been the unanimous choice of both the Republican and Democratic parties, certainly an unusual compliment.

Mr. Foster has been a life-long Republican, always active in the interest of his party. One year ago he was a candidate for the nomination for Prothonotary but did not receive the nomination. For the past twelve years he has been a member of the county committee, representing State College boro. He is at present landlord of the University Inn at State College, a hostlery known all over the State.

The sterling qualities that characterize his life well fit him for the important office of county treasurer. He is capable, he is industrious and he is honest. We predict his election by a large majority.

H. B. PONTIUS.

Candidate for Auditor.

Henry B. Pontius, candidate for Auditor on the Republican ticket, is a resident of Bellefonte, a gentleman of worth and integrity and a life-long Republican. He was born in Union county in 1840, and followed the life of a farmer boy up until he was 21 years of age. Later he became a clerk in a country store.

In August, 1862, he enlisted in Co. E, 147th Pennsylvania Volunteers, serving with honor and credit until the end of the civil war. After the war he located in Lewistown, remaining there until 1867, when he came to Bellefonte where he has resided ever since. Most of the time he has been engaged in the mercantile business. For several years he served on the school board of Bellefonte. He has also served several terms as boro auditor and is at present clerk of the Bellefonte town council.

He is an enthusiastic member of Gregg Post, No. 95 G. A. R., and always takes an active interest in his fellow comrades. He would make a most efficient auditor if chosen to that position.

Mrs. Anna Cowher.

Mrs. Anna Cowher, wife of Peter W. Cowher, died at her home in Tyrone at 3.25 o'clock Tuesday morning. She had been a sufferer from consumption for the past year.

Born near Bellefonte July 15, 1860, the deceased was aged 42 years, 2 months and 15 days. She has been a resident of Tyrone for eleven years past. Surviving are her husband, one daughters, Mrs. Cora Heck, of Altoona, and one son, Orris Cowher, of Tyrone. She also leaves two brothers and two sisters: A. G. Moore of Harrisburg; Mrs. Maggie Myers, of Milesburg; Mrs. Bella Woodring, of Port Matilda, and Thomas Moore, of Loyalhanna. The deceased was a faithful and active member of the Columbia Avenue Methodist church of Tyrone.

Brief services will be held at the family home on West Seventeenth street at 10 o'clock this morning and the remains will be taken from East Tyrone station on the noon train to Port Matilda where funeral services at the home of Mrs. Woodring, sister of the deceased, will be conducted by Rev. Isaac Heckman. Interment at Port Matilda.

On account of the inclemency of the weather the fair management have decided to continue the Fair over Saturday. The races which were to have been held Wednesday have been postponed until Saturday. They promise that the races on that day will be just as interesting as on Thursday or Friday.

Strike Has Cost $104,000,000.

Secretary Wilson, of the United Mine Workers, figures that the Pennsylvania miners' strike, which has lasted seventeen weeks, has cost the operators $63,750,000, that the miners have lost $17,483,000 in wages, and that the business men of the strike region have lost $14,000,000.

—At the sessions of the Clearfield naturalization court this week a large office business was done. The court considered a long list of applications and granted 100 of them, the number being among the largest ever granted by the Clearfield county court. This will naturally set the local candidates to studying as to where this new vote may go. The votes if cast one way in such a contest will be an important consideration affecting critically the interest of many office seekers.

Musser, John Knisely, John P. Harris, George Hazel, Wm. Steel, Rev. Wilford P. Shriner, W. R. Jenkins, Robert Cole, Capt. H. S. Taylor, H. C. Quigley, Frank Warfield and Frank P. Blair.

—Samuel Rine, superintendent of the Water Works, is giving the spring a thorough and much needed cleaning. The moss grows so rapidly that there are probably twenty wagon loads taken out, which will be hauled away. We do not know whether it effects the water in any way that would make it unhealthy, but it certainly adds to the beautiful appearance of the spring to have it removed,

—Potatoes are now being harvested, they are of good size and plenty, but many farmers fear that the loss from rot will be serious. Elmer Straub sometimes called "Waxy," is one who expresses such a fear, he is as good a farmer as he is a cobbler, and his predictions as to crop prospects are certainly entitled to thoughtful consideration. We hope however, that his fears as to the potatoes will prove to be groundless.

—Cuba has "effected a saving" of about $80,000 a year by cutting down its quarantine service. That may be a "saving" but there is reason to fear that it may prove quite the contrary. The sugar statistics of the island show that 442,442 tons were exported up to July 31, and there were 361,863 tons on hand at that date. The increase this year in production over last year aggregates 224,414 tons, a very respectable showing.

He was admitted to the Bar a year ago and has been very successful in his law practice, but he felt in his heart as though he could be of more use in the work of saving souls. So in the future he will engage in evangelistic work throughout the State. May God speed him on his way.

—Rev. W. H. Brown, pastor of the Evangelical church, and his wife are deserving the sympathy of our people. Although there are three children in the family only one thus far has contracted the disease and Rev. Brown has taken entire care of the one afflicted. Mrs. Brown, with the other two, occupying another part of the house. The neighbors and friends are doing all they can, which is but little to relieve the distress of the parents, and are very much moved by the devotion of Mr. Brown in assuming entire care of his dear little child, who we hope will be spared to its sorrowing parents.

The D. A. R.'s Have Troubles of Their Own

The sessions of the D. A. R. Convention next week may possibly be of a rather lively character, in fact they promise to be very entertaining to all except those interested.

There is trouble brewing over the disposition of the State Organization to ignore any authority of the National officers, the difficulty being, according to the "North American," the State Regent has decided to be a law unto herself, and as a consequence war has been declared between the National and State Organizations, and we expect to report lively discussion.

One Chapter in Philadelphia is out in open rebellion against the position of the State Officers, and at a meeting held last Monday, adopted war-like resolutions, which have been scattered broadcast, denouncing the State body for denying the right of the National Board to have jurisdiction over the affairs of this Conference and that its proceedings will be null and void.

We hope everything in relation to this matter will be discussed and acted upon in a calm and dignified manner, as becomes such distinguished ladies as those who are interested in the affairs of this illustrious and patriotic body.

A Reward Offered for Return of Campaign Banner.

During one of the Harrison campaigns for the Presidency the Republican county committee purchased a handsome banner which they displayed in front of their head quarters. In some manner this banner has disappeared and all efforts to find it have so far proved unavailing. The county committee are very desirous of securing the banner and will pay a liberal reward for its return.

We write feelingly for we are one of the sufferers. It is to Capt. Taylors interest to keep the voting portion of the community in condition to go to the polls on the fourth of November.

CANTON, O., Sept. 27.—The Hon. A. L. Vorys, insurance commissioner of Ohio; the Hon. J. V. Barry, insurance commissioner of Michigan, and the Hon D. H. Appleton, insurance commissioner of New York, came to Canton this afternoon, being the guests of Senator Hanna in his private car from Cleveland to this city.

They came as a committee appointed by the National Association of State Commissioners at its recent annual meeting in Columbus to present Mrs. McKinley a memorial adopted by the association last year on the death of the President. The memorial is handsomely engrossed and the plush covering is lettered in silver with the monogram of William McKinley. The presentation was made in the presence of the other distinguished visitors at the McKinley home.

When Secretary Root, Senator Hanna and party and Gen. and Mrs. Hastings visited the tomb of President McKinley Friday afternoon they found on the casket beautiful wreaths sent by President Roosevelt and Mrs. Garrett A. Hobart. Senator Hanna and party spent most of the time here with Mrs. McKinley at her home, only leaving long enough before train time to visit the cemetery.

PRINCETON, N. J., Sept. 27.—As the result of a thirty-grain dose of chloral hydrate, Dr. Willard Humphreys, head professor in the German department of Princeton University, died this afternoon. For five days he had struggled to keep alive, but the strength of the drug was too much for his heart to stand.

The case had attracted much attention among doctors. Friends of the professor hoped against hope for the recovery and many of the other members of the faculty have given up much of their class room work in order to be with the dying man and to assist in the restorative measures applied.

During the last thirty-six hours of his life artificial respiration was maintained without his showing any signs of coming to. He had been unable to talk coherently during the five days. That he should continue to live for so long a time is considered by doctors to be remarkable.

NEW YORK, Sept. 27.—There is a young tiger in Room 1072 of the Waldorf-Astoria, the pet of little 4 year old Carl Harlow, son of W. P. Harlow, millionaire copper man. The tiger has only reached the raw meat stage now. Its man-eating propensities won't develop for several months yet. "Yaqui" is its name, a female cub, perhaps six weeks old.

"Yes," said Mr. Harlow yesterday, "she's a Mexican tiger, whose mother was shot near our mines in Sonora. She's pretty lively, too, and I am afraid after three months I wont' be allowed to keep her. I've told my boy that he can have her for a pet as long as he can lick her. But things are getting pretty serious already. It's only a question of a little while now when he shall have to give her to the Zoo."

WASHINGTON, Sept. 27.—A virulent attack of oil fever has appeared in Prince George county, Md., adjoining Washington. The prospectors are boring night and day in order to demonstrate, and are now down 750 feet. They have liberated pockets of gas and struck deposits of lignite. The formations pierced by the drill are very similar to those found at Spindle Top, Texas. Prominent oil companies and operators from Texas and Pennsylvania have taken up large tracts in the vicinity, and options upon 2,000 acres have been secured by business men of this city, who have experts examining the field.

BURLINGTON, Vt., Sept. 27.—Justice David J. Brewer, of the United States Supreme court, was burned about the face and hands at his summer home at Thompson's Point, Lake Champlain, Thursday evening. Justice Brewer has remained longer at the point than the other cottagers and was cleaning up some brush about his cottage, Liberty Hall. He used a small amount of gasoline to make the brush burn and was in the act of lighting the pile when the accident occurred.

James Bailey Becomes a Benedict.

On Thursday evening at 8.30 Mr. James Bailey the tonsorial artist in Mr. John Nighthart barber shop took unto himself a wife, in the person of Miss Lizzie C. Curry of Waddle.

The young couple drove to Squire John Keichline, home on Bishop street and there were united in the holy bond of matrimony. Mr. and Mrs. Bailey will go to housekeeping in Bellefonte. This paper joins in with their many friends and wishes them unbounded happiness and success through life.

Consigned to the Tomb.

On Friday afternoon the McClure home on Bishop street was filled with sorrowing friends who had gathered to pay their last loving tribute of respect and esteem to Miss Mildred Barnhart. The funeral services were conducted by Rev. Wilford Shriner D. D., of the Methodist church. He spoke in lovingwords of the beautiful character the young lady possessed. The floral tribute was beautiful, the white casket being entirely surrounded by exquisite flowers. Among the offerings was an emblem of '99 which the class in which she graduated sent. Other beautiful bouquets of roses were sent by Mr. Paige, of Philadelphia, Mrs. R. B. Taylor and Miss Rebie Noll. She was buried in her graduating gown. The choir was composed of Mrs. Margaret Brackbill, Miss Mary Meek, Messrs. Charles Shuey and L. A. Schaefler. The casket bearers were Messrs. Frank Derstine, Orrie Kline, James Parsons and Russell Blair. Interment was made in the Union cemetery.

Arrested For Skipping His Board.

A fellow by the name of S. Kaiser who has been selling jewelery through this section of the county was arrested on Friday evening by James Chambers of Punxsutawney. When Chambers was running a hotel in the above mentioned town this man Kaiser stopped at his hotel and one day, after he had been there a good while the fellow mysteriously disappeared. On Friday evening Mr. Chambers came to Bellefonte and registered at the Bush House, and to his surprise he met this man Kaiser. He immediately had a warrant sworn out for Kaiser's arrest. Kaiser paid Chambers and disappeared as mysteriously from our town as he did from Punxsutawney, only he paid his hotel bill.

—Anthan Benser, while at work bolting in a stave mill at Hecla Park Friday morning met with quite a painful accident. His left hand came in contact with the circular saw, several fingers being cut off and the hand badly crushed. Dr. Fisher, of Zion dressed the wounds.

"To what branch of the military service do captains of industry belong?" asked the recognized yet surviving joker of the party.

"I give it up," replied his victim wearily.

Cool Trees.

It is not shade alone that makes it cooler under a tree in the summer. The coolness of the tree itself helps, for its temperature is about 45 degrees F. at all times, as that of the human body is a fraction more than 98 degrees. So a clump of trees cools the air as a piece of ice cools the water in a pitcher.

Women as Well as Men Are Made Miserable by Kidney Trouble.

Kidney trouble preys upon the mind, discourages and lessens ambition; beauty, vigor and cheerfulness soon disappear when the kidneys are out of order or diseased.

Kidney trouble has become so prevalent that it is not uncommon for a child to be born afflicted with weak kidneys. If the child urinates too often, if the urine scalds the flesh or if, when the child reaches an age when it should be able to control the passage, it is yet afflicted with bed-wetting, depend upon it, the cause of the difficulty is kidney trouble, and the first step should be towards the treatment of these important organs. This unpleasant trouble is due to a diseased condition of the kidneys and bladder and not to a habit as most people suppose.

Women as well as men are made miserable with kidney and bladder trouble, and both need the same great remedy. The mild and the immediate effect of **Swamp-Root** is soon realized. It is sold by druggists, in fifty-cent and one dollar sizes. You may have a sample bottle by mail free, also pamphlet telling all about it, including many of the thousands of testimonial letters received from sufferers cured. DOWN IN A SALT MINE.

An Occasion When One's Dignity Must Be Set Aside.

It is only the elect among travelers who find their way to Berchtesgaden, in Bavaria, not very far from Salzburg, writes a correspondent of the London Tatler. If you drive in a carriage from thence by road, you are stopped midway at a customs house and find yourself leaving Austrian territory for Bavarian. Berchtesgaden is beautifully situated, and it has two noteworthy attractions, one of them the Konigsee, thought by many the most beautiful lake in the world, and the other the salt mines. A visit to the salt mines gives one an exciting hour.

Many tourists take tickets at the top, but many of the fair sex are deterred from using them when they see the costume that is rendered essential to the visit. In other words, they have to abandon skirts and adopt a special "rig out." One may frequently observe that ladies, torn between what they consider modesty and curiosity, go two or three times to the mines before they screw up their courage sufficiently to don the attire and pay the visit.

The necessity for women to abandon the usual garment arises from the fact that a portion of the mine can only be visited through the medium of a kind of slide. This slide is, however, the best thing in the whole visit. It is a great deal better than tobogganing, and, as one is in the dark and with only a candle fastened to one's dress, it is not a little exciting.

The strangest incident in the trip is that of the illumination of what is called "the salt lake." You are rowed across this lake in almost absolute darkness, the illumination being provided by a number of miners' lamps round the lake, and the journey has a very considerable weirdness. The next best experience in the trip is the final ride into daylight on the trucks. This is a journey through absolute darkness for a very considerable way until finally one sees a little gleam of light in the distance. Altogether, as I have said, between the tobogan slide, the car ride and the boat journey across the salt lake the visitor to the Berchtesgaden salt mine has plenty for his money. But, curiously enough, he sees very little salt. At any rate, the prepared salt that one uses on one's breakfast table is not at all in evidence.

The Salt In the Ocean.

The ocean was once merely brackish and not salt, as it is now. This was when the earth was in its first youth and before there was any land showing at all or any animal life in the water. At this time the water was gradually cooling from its original state of steam, and the salts were slowly undergoing the change from gases into solids. Then came the appearance of land and, later on, rivers, which gradually washed down more and more salts, while at the bottom of the ocean itself chemical action was constantly adding more brine to the waters. At present it is estimated there are in the world's oceans 7,000,000 cubic miles of salt, and the most astonishing thing about it is that if all the salt could be taken out in a moment the level of the water would not drop one single inch.

Limited the Edition.

The late king of Prussia once sent to an aid-de-camp, Colonel Malachowsky, who was brave, but poor, a small portfolio, bound like a book, in which were deposited 500 crowns. Some time afterward he met the officer and said to him:

"Ah! Well, how did you like the new work which I sent to you?"

"Excessively, sire," replied the colonel. "I read it with such interest that I expect the second volume with impatience."

The king smiled, and when the officer's birthday arrived he presented him with another portfolio, similar in every respect to the first, but with these words engraved upon it:

"This book is complete in two volumes."

Hancock's Presence of Mind.

A reminiscence of the battle of Gettysburg illustrates the strict attention to business of the professional soldier under the most distracting circumstances.

When General Hancock was wounded, he was carried to the rear, where the surgeons cut away his clothing and found and extracted the missile. The general became much interested on seeing it and insisted upon sending for an aid-de-camp, in spite of the medical admonitions against exciting himself. When the aid appeared, the general called out to him:

"Go straight to General Meade and tell him the enemy is running short of ammunition. I have been wounded with a tenpenny nail!"

A Costly Precedent.

One of Philadelphia's rich young bachelors returned from a trip to the Pacific coast with a Chinaman as valet having been induced to engage him by San Francisco friends, who say that orientals make admirable servants. One morning the Chinaman found a half dollar on the floor and was told by his employer to keep it for his honesty. Some days later the bachelor missed a scarfpin and inquired of the valet as to its whereabouts. "Me found it on le floor, an' me kept it for my honesty," was the explanation.—Philadelphia Times.

Japanese Wives.

The Japanese woman does not blacken her teeth under any mistaken idea that it makes her attractive; she does it to make herself unattractive. Her husband is supposed to know her value. If he doesn't, he divorces her. He makes no provision for her, and she has no dowry from her family. But a divorced woman in Japan nearly always marries again. She brings nothing but a gentle and obedient slave and takes nothing away with her but the same valuable commodity.

The reason why lower class women receive more consideration from their husbands than their upper class sisters is that they are capable of earning their own livings, which Japanese ladies are not. So thoroughly is this recognized that a lower class woman divorces her husband if she is not satisfied, a thing which never happens in the more select circles unless the woman is an heiress, when the husband is of as little consideration as a lady. It is only when she has no brothers that a Japanese woman may expect money from her parents. If they have only a daughter to leave their money to, the son-in-law has to take her name—and the consequences.

YOUR SENSE OF DUTY

CULTIVATE IT TO THE EXTREME LIMIT OF YOUR ABILITY.

It Is the Noblest, Most Manly and at the Same Time Most Womanly of Qualities—The Real Basis of Education and Success.

Teachers and parents are asked to consider the statement that a sense of duty is the foundation of real education and the basis of success. Whatever has been achieved of real importance in the world has been based upon a sense of duty. Religion itself is founded upon duty, and its main teachings deal with questions of duty—the duty of men and women toward each other and toward their Creator.

Children's minds will be strengthened, their work made easier and their ambition stimulated if they can be made to feel toward duty that it is not repulsive, but that it offers an opportunity for achievement, an opportunity for every individual to prove his worth and that he deserves to succeed. If duty can be strongly developed in the mind of a young child, the effect will remain through life and make that child's existence useful.

Parents should impress upon their children—and young people should impress upon themselves—the fact that a sense of duty is the noblest, most manly and at the same time most womanly of qualities.

The average small boy thinks that there is something "soft" about a dutiful boy. He should be taught that what made Washington a fighter and Lincoln great among his fellows was nothing else than a sense of duty to their country.

What makes a fireman brave is a sense of duty. A sense of duty is at the foundation of every effort made to provide for children, to meet the obligations of life honestly.

The German philosopher Fichte, as admirable a moral character as the world has known, exemplifies as perfectly as any the beauty of a life inspired by a sense of duty, and it is a life which may be well studied by those engaged in shaping the character of the young.

The very keynote of his philosophical system was based on duty. "Unsere Welt ist das versinnlichte Material unserer Pflicht," said he.

This idea—that our world is but the material incarnation of our duty—he taught, and, what is more, he practiced what he preached.

One preacher who practices his preachings thoroughly is worth many of the other kind, no matter how eloquent the others. And Fichte practiced his beliefs. When he was poor and a young tutor, he set a good example to every teacher. As a tutor he made his living, but he knew that his duty to the child intrusted to him was the principal thing. He knew also that every child is really formed in character and morals by the influence of its parents.

Fichte kept a journal devoted to the attitude of his employers toward their child—his pupil. Every week he told them the mistakes they had made and held them accountable for spoiling the child through flattery, too much kindness, ill judged severity or in whatever way. Strange to say, the parents actually put up with this for two whole years, so great was their admiration for the young tutor's moral character.

Duty well ingrained in the soul will keep a man on the right path in easy times and in hard times. Fichte is quoted here because no man better than he proves the power of a sense of duty. In small things duty guided him, and it guided him at the end.

He was just past the half century of his age and had been gloriously successful. He had been called to the chair of philosophy at Berlin, and no teacher of truth had ever been more loved or more admired. On a certain day he was to lecture, and he had chosen "Duty" for his subject. His country was at war and threatened with invasion and absolute annihilation of her liberties.

Fichte, who had talked much of the little duties of life, talked on this day of man's duty to his country. The sound of drums calling for conscripts frequently interrupted his lecture. He told the listening young man that each man's duty is to lend his individual strength and life to his country in time of danger. It was a marvelous address, and it ended well.

For at the close he said to his great crowd of admiring students: "This course of lectures will be suspended until the end of the campaign. We shall resume them in a free country or die in the attempt to recover her freedom."

Fichte left his lecture platform to enlist as a simple soldier, and, needless to say, his students followed his example in crowds. That was at the beginning of the campaign of 1813, but the example is good enough to last until now and for many hundred years to come. A year later, aged fifty-two, he died. He caught the fever while caring for those afflicted, among others for his own wife, who had gone with the army as nurse.

Make duty a strong part of your child's or your pupil's moral education. A sense of duty impels men to struggle on and do their best even in the face of failure; a sense of duty impels the successful man to make good use of his success. The hideous, empty, selfish lives of the self indulgent class are based upon utter lack of the sense of duty. In the education of a child moral teachings should come first; in a child's mental equipme. moral qualities should be first considered. By example, precept, argument and through history impress upon your children the fact that without a sense of duty they are unworthy of the opportunities that life offers to men in this world.—New York Journal.

SOME WRITERS.

Bret Harte was a good deal of a recluse, in that respect resembling Hawthorne more than any other man of letters.

Baxter, it is said, kept the manuscript of the "Saint's Everlasting Rest" in his hands for thirteen years, revising and condensing.

Cooper is said to have written "The Spy" in less than six months. Most of his stories were founded on legends well known in his neighborhood.

Longfellow turned out about one volume of poems a year for many years. Nearly four years were required for his translation of "Dante."

The first volume of poems by Alfred Tennyson came out when he was twenty-four. He was forty-one when "In Memoriam" came from the press.

Thomas Moore often wrote a short poem almost impromptu. He consumed over two years in reading and preparing material for "Lalla Rookh" and two years more in writing that inimitable poem.

One Brick Short.

Richard M. Hunt, the architect, used to relate that in his younger days, while supervising the erection of a brick building, a recent arrival from Cork applied for a job and was employed as a hodcarrier after being instructed that he must always carry up fourteen bricks in his hod. One morning the supply of bricks ran out, and, do his best, the new man could find but thirteen to put in his hod. In answer to a loud yell from the street one of the masons on the sixth story shrieked down:

"What do you want?"

"T'row me down wan brick," said Pat, pointing to his hod, "to make me number good!"—New York Times.

Too Cautious.

"I have the greatest confidence in Dr. Slocum as a physician," said one of the doctor's patients. "He never gives an opinion till he has waited and weighed a case and looked at it from every side."

"Um-m!" said the skeptical friend. "That's all right if you don't carry it too far. There have been times, you know, when he's been so cautious that his diagnosis has come near getting mixed up with the postmortem."—Youth's Companion.

The Tired Foot.

A lady was watching a potter at his work whose one foot was kept with a "never slackening speed turning his swift wheel round" while the other rested patiently on the ground. When the lady said to him in sympathizing tone, "How tired your foot must be!" the man raised his eyes and said: "No, ma'am; it isn't the foot that works that's tired. It's the foot that stands. That's it."

If you want to keep your strength, use it. If you want to get tired, do nothing. As a matter of fact, we all know that the last man to give a helping hand to any new undertaking is the man who has plenty of time on his hands. It is the man and woman who are doing the most who are always willing to do a little more."—Philadelphia Ledger.

The Man and the Wave.

Once upon a time a man was telling a tale of woe that unveiled his matrimonial experience.

"It was all on account of a little dainty handkerchief," he said. "The first time that I saw the girl and before we had been introduced she waved that bit of lace at me, and I was carried away. It was a fall in love and then matrimony. But, alas, that delicate handkerchief was no index to the girl's nature, and I found myself wrecked on the sea of matrimony."

Moral.—A man may be carried away by a wave and wrecked without going near the water.—New York Herald.

Wanted a Lower Key.

Spatts—My love, I wish you would alter the key of your voice.

Mrs. Spatts—What's the matter with it?

Spatts—Oh, nothing; only from the expression of Eliza Jane's face after our recent argument I'm certain it fits every keyhole in the house.—Town and Country.

Marvelous Medicine.

A patent medicine vender in a country village was dilating to a crowd upon the wonderful efficiency of his iron bitters.

"Why," said he, "Steve Jenkins had only taken the bitters one week when he was shoved into the prison for murder, and what does Steve do but open a vein in his arm and take iron enough out of his blood to make a crowbar, with which he pried the doors open and let himself out. Fact!"

Lucky.

"No use o' talkin'," said Mr. Erastus Pinkley, "dat brother o' mine is a mighty lucky man. He allus has money."

"But you must remember that he is much more industrious than you are. He isn't at all afraid of work."

"Dat's jes' de point. He were lucky in bein' born industrious."—Washington Star.

A Curious Custom.

In some parts of Brittany a curious marriage custom prevails. On certain fete days the marriageable girls appear in red petticoats, with white or yellow borders round them. The number of borders denote the portion the father is willing to give his daughter. Each white band denotes $20 per annum; each yellow band represents $200 a year.

ROMANCE OF INVENTION.

Stevens and His T Rail and Cunard's Clipper Ship Model.

Robert Livingston Stevens sailed from New York to Liverpool before the advent of the ocean steamer. In those days the passage took two months, and Stevens passed many an hour, jackknife in one hand and a piece of wood in the other, brooding over a problem that had often worried him—how to run a railroad without stone stringers for tracks. He wanted to get an iron rail that would "hold" and would take the place of the thin strips fastened to the chair of the roadbed. Just before he reached England his whittling revealed to him the solution of his problem, and that solution took the form of a T rail with a broad base that could be applied direct to a solid wood support. That T rail is still in use on all railways of the world.

The elder Cunard, who was apprenticed as a lad to a Scotch shipbuilder, is said to have amused himself in whittling the hulls of vessels. Occasionally he would fit one of these with masts, sails and rigging complete. Tired of familiar types, he would experiment with new ships, and one of these it was that attracted the attention of his master, because it would not maintain its upright position in the water. Experiments were made to ballast it in order to give it the proper trim. The clipper-like shape and graceful long lines of the model promised great speed. Such is said to be the origin of the standard model of the Cunard and later ocean greyhounds.—Chicago News.

Old Age and Appetite.

An English scientist deprecates increased eating as a means of keeping up the strength of those who are advancing in years and particularly objects to the repeated and general use of concentrated forms of animal nourishment for the aged. Overnourishment in old age is apt to lead to pains and aches due to the impairment of excretion, and a long protracted course of overfeeding will end in an attack of gout. Even artificial teeth are not to be considered an unmixed blessing, for by a provision of nature the teeth begin to decay and become useless just when the system begins to thrive without much animal food of coarse fiber. Indigestion, says the scientist, is mostly not a disease, but an admonition. "It is the language of the stomach and is mostly an unknown tongue to those who are addressed." It means that the individual has not yet found his appropriate diet. "There is no food whatever which is wholesome in itself. That food is wholesome which is so to the individual."

Rasping.

Customer—Didn't know I was being shaved.

Barber (flattered)—Very glad, I'm sure, sir.

Customer—I thought I was being sandpapered.—Pick Me Up.

"I hope you have found happiness in marriage, dear."

"Oh, yes. I can do lots of things I didn't dare do when I was a girl."—New York Press.

—Mr. Emanuel Noll had presented to him Wednesday by the author, T. C. Deleon, of South Carolina, a handsome volume entitled "Four years in Rebel Capitals". It gives an inside view of life in the Southern Confederacy from its birth to its death, from original notes collected in the years 1861 to 1865.

—One of Mr. Thomas Beaver's farm wagons, loaded with baled straw, broke down at Potter & Hoy's hardware store and distributed the contents all over that part of town Tuesday morning. Tom, who was on the ground shortly after the accident, took the *chaff* of his friends good naturedly. It takes considerable provocation to ruffle Thomas' temper.

—A man by the name of Dixon, who is employed on the Bald Eagle Valley wreck train was injured Monday afternoon while the crew were at work clearing up the wreck at Gum Stump. The brake chain broke striking Dixon in the face, smashing his nose and cutting several ugly gashes about the face. The man was brought to Bellefonte Monday night for medical treatment and later taken to his home in Tyrone.

—The horse attached to Sechler & Co's delivery wagon became frightened Monday afternoon while standing in front of Wian's harness shop on High street and ran away. It came down the street at a break neck speed and turned in the alley way leading to the Palace livery stable where it was finally stopped. The wagon and harness were badly damaged but the horse was not injured. The noise of the runnaway frightened "Theron Powers" James Chambers race horse, which was quartered in the livery stable, causing the animal to fall sustaining quite severe injuries.

—Joseph Ceaders has commenced improvements to the "Sands" property on Allegheny street which was lately damaged by fire. It is the intention of Mr. Ceaders to add one story, making it a three story building the two upper floors to be fitted up for dwelling purposes, and the first floor will be arranged to suit his business. When completed it will be an ornament to that part of the town, and he will have much finer quarters than ever for his Confectionery and Ice Cream parlor. The frame building lately occupied by W. H. Miller will be repaired but not changed materially, as it is the intention of the present owner to tear it down in a few years and erect a solid brick block.

—Josh Burley is pretty slow about imparting the information, but as his story is clean cut and seems straight, guess it is true that shortly after he opened up his store on Monday morning last a fine rooster pheasant walked in and made a parade to the rear of the establishment. Josh breathlessly witnessed the procession moving across the floor, and when the pheasant reached the countermarching point the proprietor of the establishment quietly went to the door and closed it, then the pheasant was a prisoner, and soon was in the embrace of the old hunter, but not much of a finder. Josh made a present of the bird to Engineer William Croft, and it is now getting along splendidly in the Croft chicken coop up on Oak street in the seventh ward, with lots of tame fowls for company, which he seems to enjoy, and is thriving under his imprisonment.—Tyrone Herald.

DEATH OF JACOB HOLTER.

A Prominent Citizen of Liberty Township Has Passed Away.

Jacob Holter, an old landmark, so to speak, passed away at the home of his daughter, Mrs. Bower Schenck, in Liberty township Friday afternoon about 4 o'clock death being due to the infirmities of old age. He was born in Howard township in 1819 and was in the 84th year of his age. Mr. Holter was one of the successful farmers of the community and also took an active part in local affairs, having filled a number of the township offices. At about the age of 20 he joined the Mennonite church to which faith he has been consistent during the long years of his life. After the death of his devoted wife in 1889, he made his home with his children, having lived the greater part of his retired life with his daughter Mrs. Schenck.

The following children survive him: Joseph L., Henry C., Michael P., John B., J. Shuman, Mrs. Catherine Williams, Mrs. Susan Loder, Mrs. Mary Schenck, also two sisters, Mrs. Nancy Thompson, aged 87, and Mrs. Elizabeth Mahaffey, aged 85, and one brother Christian, all living in Howard and vicinity.

The funeral services were held at the house on Sunday afternoon, Rev. G. F. Boggs officiating, and Rev. I. N. Bair assisting. The remains were laid to rest in the beautiful Schenck cemetery.

The Coming D. A. R. Convention.

Don't let us loose sight of the fact that next week there will assemble in Bellefonte a great number of strangers to attend the sessions of the Daughters of the American Revolution Convention, and there will be more lady visitors from all parts of Pennsylvania than have ever been here before at one time. They will represent hundreds of families who took part in the Revolutionary War.

Let us maintain our reputation for hospitality by throwing open our doors to them, and give them a royal reception. Allow us to suggest that the American Flag be hoisted on the Armory, the Public Building and the Court House for the three days the convention is in session and any of our citizens who have flags display them. It would show our patriotism and pleasure in having these distinguished ladies as our guests.

A request from Burgess Blanchard asking for a display of the national colors, we are confident would be complied with

An Exciting Runaway.

John Weaver, butter maker at the Creamery at this place, met with a serious accident Monday evening. He was getting into his buggy on Bishop street when the lines fell out of his reach, and the horse started to run, after going a short distance it made a quick turn, upsetting the buggy, throwing Mr. Weaver on the sidwalk, injuring him severely, his face being badly cut, the ligaments of his arm torn and his body badly bruised. He was taken to the office of Dr. R. G. H. Hayes where his wounds were dressed and he was then removed to his boarding house. Although not dangerously hurt it will be some time before he can resume his work.

A Beautiful Wedding.

A beautiful home wedding was solemnized at noon Wednesday at the handsome residence of Mr. and Mrs. John I. Thompson, Lemont, Pa., at which their daughter, Mary Irvin Thompson, was united in marriage to Dr. Orr Hileman Shaffer, of Altoona.

Promptly at 12 o'clock the bridal party entered the commodious parlor which was artistically decorated in pink and white and illuminated by lamps and candelabra, and took their position in front of the officiating clergyman, Rev. D. E. Hepler, of the Presbyterian church, who has been the bride's pastor for many years.

In entering the parlor the wedding march was played on the clarinet and the soft, sweet melody of the instrument was very impressive.

The bride and groom were preceded by the bride's sisters Misses. Helen and Bess Thompson, who were dressed in white and each carried a cluster of pink carnations.

The bride was attired in white Paris muslin covered with lace medallions and carried a spray of bridal roses.

After the marriage ceremony congratulations followed and the guests were then invited to partake of a sumptuous wedding breakfast to which almost seventy persons sat down.

At the table occupied by the bridal party the china used has descended from the bride's great-great-grandmother.

The gifts received were numerous and beautiful.

The ceremony and everything connected with the function passed pleasantly, and the bride and groom departed on the afternoon train to spend their honeymoon, after which they will take up their residence in Altoona.

The bride is the eldest daughter of Mr. and Mrs. John I. Thompson and belongs to one of the most prominent families of Centre county. She is highly educated and accomplished and has been a practicing physician in Altoona for the past few years.

The groom is a resident of Altoona where he is engaged in the practice of medicine with a large and lucrative practice, and is one of the most eminent members of the profession in that city.

Death of an Estimable Lady.

It is with deep regret we announce the death of Mrs. Abram Baum, which occurred at her home on Bishop Street, Thursday evening at 10.30 o'clock, after an illness of several months, her age being sixty-four years.

Mrs. Baum, whose maiden name was Mary Ansbach, was born in Wyler, Germany, and was married to Abram Baum thirty-nine years ago; ever since that time she has been a resident of Bellefonte.

The deceased commanded the highest respect of our citizens. By nature she was of a retiring disposition, loving her home and the companionship of her husband and children above everything else. She was a devoted wife and mother, a kind neighbor and an affectionate friend. Her loss will be keenly felt by those who enjoyed her friendliness, and although she reared a large family of children, who have grown to manhood and womanhood, she had the glad satisfaction of seeing them occupying honorable positions in society and the assurance of their love and affection as a return for her tender care and devotion.

To her husband and children we extend our heartfelt sympathy in their hour of sorrow and may they take comfort in the thought that it is far better for wife and mother now, that she has gone to her God and Father.

Besides her husband there survive her the following children: Alfred, Simeon, Salina, Freda, Isadore, Morris and Harry of Bellefonte; Jacob and Ferdinand of Rockford, Indiana; Mrs. Nathan Reesman of Princeton, Indiana; Mrs. Jacob Hasel, Washington Courthouse, Ohio; Mrs. Joseph Metz, Trenton, Kentucky; Mrs. Morris Monash, New York City; and two sisters are still living, Mrs. Carrie Lowenstein, Charleston, W. Va.; Mrs. Pauline Kluga, Mt. Vernon, Indiana.

The funeral took place Sunday afternoon. Rev. Henry Klein D. D. a Rabbi from Altoona officiated, and in loving words he spoke peace and cheer to those who mourned. His text was taken from the 23rd chapter of Genesis and the 2nd verse, "And Abraham mourned for his wife Sarah." The floral tribute was something grand. Many beautiful designs were given by relatives and friends of the deceased. One was a large pillow, the ground work being of scarlet leaves with thirteen hearts of white rose buds, representing the number of children in the family. The casket bearers were Messrs Sigmund Joseph, M. Fauble, Lewis Grauer, Jacob Marks, Adolph Fauble, and Aaron Katz. Interment was made in the Hebrew cemetery at Roopsburg.
